BRITONS WORRY.

OVER REPORTS THAT COME FROM SOUTH AFRICA.

METHUEN HAS BEEN FIGHTING

HAS NOT BEEN HEARD FROM SINCE JUNE 7.

BULLER MAKES PROGRESS

THE BRITISH HAVE FORCED ALMONDS NEK.

London, June 12.—5:20 p. m.—The following dispatch has been received at the war office from General Forestier-Walker, in command of the lines of communication in South Africa:

"Cape Town, June 12.—The following is from Kelly-Kenniy: 'June 11.—No communication from Methuen since June 7. He was fighting June 6 to the north of Vetchkop. Steyn is near Reitz.' The British prisoners sent to Vrede are well treated."

KELLY-KENNY HEARD FROM.

London, June 12.—6:32 a. m.—The war office has received the following dispatch from General Kelly-Kenny:

"Bloemfontein, June 12. — Our troops from the north are at Honing Spruit (south of Roodeval, where the Boers cut the British lines of communication), having defeated the enemy. They will be at America Siding tomorrow at 8 a. m.

"General Knox moves out from Kroonstad to intercept the enemy.

"Full particulars later."

SENSATIONAL REPORTS.

London, June 12.—1:37 p. m.—A plentiful crop of reports has been filtering through Lorenzo Marques. According to these General DeWet, with 13,000 burghers, is marching on Johannesburg, the Boers have retaken Bloemfontein, where President Steyn again occupies the presidency, the British have sustained a severe defeat at Elandsfontein, and have also lost 750 killed and wounded and 150 prisoners in a fight at Vredefort. Nothing from any other source lends color to these stories, with the exception of the last, which is probably the Boer version of the disaster to the militia battalion of the Derbyshire regiment at Roodeval.

In regard to President Steyn being at Bloemfontein, a dispatch from Maseru, Basutoland, dated Monday, June 11, says President Steyn was then at Vrede, two hundred miles from Bloemfontein.

General Buller seems to be making substantial progress and ought soon to possess the railroad at Charlestown (in the northern extremity of Natal), whence, presumably, he will advance on Heidelberg and effect a junction with Lord Roberts.

A dispatch from Lichtenburg, dated June 11, says sixty Johannesburg mounted policemen, with a Maxim gun, have surrendered to General Hunter.

A probable explanation of the reports that a British force is moving through Swaziland comes in a dispatch from Port Elizabeth, dated June 11, announcing the return there of the British cruiser Doris from Kosi bay, whither she had taken a number of whaleboats with the object of landing an armed force, presumably part of a plan to penetrate Swaziland. The Boers, however, got wind of the expedition, and the force was not landed.

According to a Cape Town dispatch the cabinet crisis continues. It is added that should Premier Schreiner secede from the bond, as he threatens, his action would place the bond in the minority in the assembly.

Mr. Schreiner has accepted the resignations of J. X. Merriman, treasurer, and J. W. Sauer, commissioner of public works.

Among the members of the yeomanry killed at Lindley was W. T. Power, proprietor of the Canon ranch, in north Texas and son of Sir W. T. Power.

BULLER REPORTS SUCCESS.

London, June 12.—10:05 a. m.—It is officially announced that General Buller reports that Almonds Nek has been forced. The war office posts the following dispatch from General Buller:

"Headquarters in Natal, June 11.—We forced Almonds Nek today. It is not marked on the map, but is the last defile to Charleston flats. The enemy were in considerable force, with several guns in position. The brunt of the fighting fell upon the Second Dorsets, who carried the position at the point of the bayonet, and the Third cavalry brigade, who were heavily attacked on our right from very broken country round Iketini mountain. I hope our casualties are less than 100, which, considering the extreme length of the position, is much less than I expect.

"The whole attack was directed by Hildyard, whose dispositions were extremely good. The artillery, Tenth brigade and Third cavalry brigade did most of the work."

RENTS THE TEMPLE.

Rev. E. W. Allen, pastor of the West Jefferson street Church of Christ, has rented the Masonic Temple for the season from Manager Stouder and will hold meetings each Sunday evening during the summer. Rev. Allen rented the building with the intention of giving the public a more central place of worship, believing that the attendance and interest can be greatly increased by so doing.

ADMIRAL DEWEY IN MICHIGAN

ENJOYS A DRIVE ABOUT GRAND RAPIDS' STREETS.

Mrs. Dewey is Ill and is Not With the Admiral—The Parade a Large One.

Grand Rapids, Mich., June 12.—Western Michigan did honor to Admiral Dewey today, thousands of excursionists coming from all directions on special trains. This morning the admiral took a drive about the city, accompanied by Congressman William Allen Smith. Mrs. Dewey was unable to accompany him on account of illness caused by a cold contracted in Columbus. On this account the public reception this afternoon planned in her honor by women of the city was cancelled. The parade in Dewey's honor this afternoon was one of the largest ever seen in Grand Rapids. It was combined with the parade of the great camp of the Maccabees, which is in session here. More than 2,000 Maccabees were in line, together with military and civic societies, and industrial floats. Admiral Dewey rode at the head of the parade, and afterwards reviewed it at Fulton park. The entire route of the march was a mass of bunting. Dewey and his party will leave for Washington this evening, via the Grand Rapids and Indiana and Baltimore and Ohio railroads.

TWO FILIPINO GENERALS

REPORTED BY GEN. MACARTHUR AS BEING CAUGHT.

One Is a Very Prominent Leader of the Guerillas—Captures Are Important.

Washington, June 12.—General MacArthur, at Manila, cabled the war department today as follows:

"Report capture Generals Hizon, near Mexico, and Cavestany at Alcala, both important; latter very important leader of guerillas in Pangasinan province (Luzon).

"MacArthur."

General Corbin attaches considerable importance to these captures. In his opinion they are more nearly in the nature of surrenders than captures, and indicate that the principal leaders of the insurrection are abandoning that cause, and are coming in to Manila to accept American supremacy.

CROP PROSPECTS ARE GLOOMY.

St. Paul, Minn., June 12.—Northern Pacific crop reports received yesterday give a gloomy view of the crop prospects. Recent showers, of which so much was expected, were followed by hot winds, which counteracted any good they might have done. Rye in many places is being plowed under. Grain is suffering, except in Montana and a limited locality in North Dakota, from which more hopeful reports are received.

The state authorities are taking active steps to stop the ravages of grasshoppers in the northwestern part of the state. The Great Northern and the Northern Pacific roads have offered to furnish free all the transportation facilities necessary for the work.

Martin who signed the above dispatch is the United States consul at Chinkiang.

M'LEAN CONTROLS

OHIO DEMOCRATS GET READY FOR CONVENTION.

A CONTEST FOR EVERY OFFICE

JOHN R. M'LEAN MAY BE NATIONAL DELEGATE.

DEMOCRATS IN BADGER STATE

WILL CHOOSE DELEGATES TO KANSAS CITY.

Columbus, Ohio, June 12.—All the preliminary work of the democratic state convention was completed today so that business can be despatched tomorrow. The old state committee concluded its business during the forenoon and the delegates met in the afternoon to select the members of the new state committee, vice presidents and other officers of the convention and members of the different committees. The committees all meet tonight so as to be able to report to the convention tomorrow morning. The committee on credentials has a contest to settle between the Wilson and Farley delegations of Cleveland and other minor contests to consider. The committee on resolutions will have many differences of opinion to settle on the language of the platform, but there are no radical differences regarding the issues. The differences are mainly as to the form in which the declarations shall be made. There will be contests for all places on the state ticket and no slate is likely to be able to get through. One of the contests is between Col. James Kilbourne and Congressman John J. Lentz, of this city, for delegate-at-large. The McLean men control the convention by a large majority and they have been favoring Lentz, but the delegates of this district at their meeting today endorsed Kilbourne for delegate-at- large, and as Mr. Lentz is making a fight now for re-election to congress he may not antagonize the delegates of his district. The delegates of this county also endorsed Kilbourne. There is some talk of making John R. McLean a delegate-at-large notwithstanding his purpose to sail for Europe next Saturday and not attend the Kansas City convention. In that event there will be a contest for the place of first alternate-at-large, who would no doubt be called upon to act in the absence of Mr. McLean. Among the long list of names mentioned the most prominent are Charles N. Haskell and John C. Welty for delegate-at-large from the northern part of the state.

The agitation for Admiral Dewey as the candidate for vice president continues and it is claimed to be entering into the contests for delegates-at-large. Dewey was entertained here last week by Kilbourne. Still, those who talk most about Bryan and Dewey for the ticket at Kansas City seem to favor Lentz. Although McLean cannot be here he is represented by confidential men, who are non-commital on the Dewey candidacy.

KILBOURNE WINS.

Columbus, Ohio, June 12.—After the endorsement of Kilbourne by the delegates of their home county this morning, the fight between Kilbourne and Lentz this afternoon is about over. It is conceded that Kilbourne will now be one of the delegates-at-large, and that W. S. Thomas, of Springfield, will also be selected. There is a contest between George W. Hull and Charles N. Haskell for delegates-at-large, as both reside in northwestern Ohio. Some favor sending both of them to Kansas City, while others insist on geographical distribution. Abe Patrick, who was on the ticket last year for lieutenant governor with McLean, lives in eastern Ohio and is being pressed for delegate-at-large.

The anti-McLean men are trying to organize to control the convention. If it is found that northwestern Ohio can have only one delegate-at-large, the McLean men will support Haskell and the anti-McLean men will stand for Hull.

WISCONSIN DEMOCRATS.

Milwaukee, Wis., June 12.—The democratic state convention to elect four delegates-at-large and to ratify the selection of two district delegates to the national convention at Kansas City met at the Alhambria theater at 11 o'clock today. A profusion of flags adorned the auditorium and stage, while in the background hung a large picture of Bryan. The convention is made up of 663 delegates. George W. Peck, chairman of the state central committee, called the convention to order and introduced Judge James H. McGillan, of Green Bay, as temporary chairman. Judge McGillan, in assuming the chair, said:

"I believe that the opportunity of democracy has arrived. The republican party and the present administration have given this government four years of broken pledges and broken promises; they may talk to you of their prosperity, but when we look around us and see the misery and the trials of the poor man, we must admit that it is the prosperity of wealth and not the prosperity of labor.

"Look where we may, we see the laboring man engaged in a life and death struggle for an existence with capital."

On the matter of trusts he said:

"The formation of these organic trusts has resulted in the throwing out of employment of thousands and thousands of deserving men, taking from families and the loved ones of these men their only means of subsistence.

"Under the republican administration these trusts have been fostered from infancy until they have attained the proportions of a giant, and have the republican party by the throat by their campaign contributions and otherwise, to such an extent that the republican party finds it impossible to exist without them."

He attacked the national administration for the course pursued in the enactment of the Porto Rican tariff bill. The administration was also criticized on its Cuban policy in "deluging on that island a horde of office-seeking carpet baggers." He concluded:

"We have seen our armies on foreign soil in the far Philippines, where we have entered without disclosing our purpose or our ultimate onject. We are seeing the flower of American manhood being sacrificed again to that spirit of imperialism."

At the conclusion of Judge McGillan's speech committees were appointed and a recess was taken.

A committee on resolutions was also appointed and recess taken until 2:30 p. m. Interest centered on the contest for national committeeman. E. C. Wall, of Milwaukee, and T. E. Ryan, of Waukesha, were contestants for the honor.

SHE TOOK A CARRIAGE RIDE

SAW NIAGARA FALLS, THEN LEAPED INTO WHIRLPOOL.

Fair Visitor Jumped to Death Just as a Suicidal Priest's Body Was Being Recovered.

Niagara Falls, N. Y., June 12.—Yesterday a young lady, who twice registered as Miss Mabel Williams, of Philadelphia, committed suicide by leaping into the whirlpool rapids from the foot of an elevator on the Canadian side of the river. She was about 23 years old, and of commanding beauty. She was dressed in a black brocaded silk, with a white and black yoke. She arrived at Niagara Falls at 11 o'clock Sunday night over the Lehigh Valley, and went to the Wayne hotel for the night.

Yesterday morning, however, she was up bright and early and engaged a carriage for a drive. She did not wait for breakfast, but went away in the carriage, stating she wanted to see everything. She crossed the upper arch and went to Table Rock, then to a fancy goods bazaar, where she bought a Wedgewood Pottery plaque, which, with her silver bracelet, she had wrapped in a package and addressed it to Mrs. Charles N. Wagner, No. 1129 Walnut street, Allentown, Penn. She went to the elevator, descending in the car to the waters edge, She said to the photographer:

"This is a very fascinating spot. It is a wonder that more people do not commit suicide from here."

She was soon left alone, and before long a man rushed into the elevator office at the top of the bank exclaiming that he had seen a woman leap into the rapids below. A search resulted in discovering that Miss Williams was missing. The witnesses of the suicide were on the steel arch bridge, and it is a strange fact that when she leaped to death the body of the priest who suicided immediately opposite on May 25 was being trundled through the streets of the city to the altar of the church where the final mass was to be said over his remains.

WANTS A CRUISER

CONSUL MARTIN TELEGRAPHS SECRETARY LONG.

THERE IS NO PROTECTION

NATIVES HAVE ORGANIZED A SECRET SOCIETY.

CABINET TALKS OF SITUATION

AMERICAN CITIZENS WILL BE GUARDED.

Washington, June 12.—The following dispatch was received at the state department today:

"Chinkiang, June 12.—Secretary of State—Large numbers of natives have organized secret society and are halted here. People very apprehensive. No protection. Want cruiser.

(Signed.) "Martin."

Mr. Martin is the United States consul at Chinkiang and his telegram is the first news received here to indicate the spread of the boxer agitation in that section of China. Chinkiang is one of the most important treaty ports in China. It is located on the Yang Tse Kiang, a little over 1,000 miles above the point where the Wo Sung enters, and is about 125 miles from Shanghai. At the latter port the United States gunboats Yorktown and Castine are now lying, undergoing some repairs. The extent of these is not known at the navy department, but assuming that they are not more extensive than usual it is said that one or both of the vessels might be dispatched to Chinkiang in the course of a day or two. However, up to this moment no orders have gone forward to either of the vessels or to Admiral Remey. There is an intimation at the state department that the consul at Chinkiang has exaggerated the danger of the situation and the halting near the town of a number of boxers is not evidence that they have any hostile intentions against the American consulate. It is probable, therefore, that in the absence of more serious developments no ship will be sent to Chinkiang. The town is nearly 300 miles southeast of Pekin, but fortunately is much more accessible to foreign warships and vessels drawing as much as twenty-five feet of water can work up the river to that point. One of the dispatches received at the state department this morning was from another consular officer in China, but it was stated that it conveyed no news of importance and its contents were not made public.

The pressure upon the president and department of state from the missionary interests is increasing every moment. It is desired that a relief expedition be sent out by the United States government to secure the safety of the missions in outlying Chinese towns and the intimation is conveyed that troops might be employed for that purpose. The state department, however, has not altered its position and Admiral Kempff is still confined to his instructions to protect American lives and the American legation and consulates. Mr. Conger, likewise, has been laid under the same injunction, but nothing has been added to his instruction that would specifically direct him to endanger the safety of the legation at Pekin by sending the guards into the southern country in the effort to reach the scattered missions. If this task is to be undertaken by him something more than the limited force of United States marines now available at Taku, Pekin or even Manila will be required and the administration is not disposed to go beyond that limit.

Washington, June 12.—The cabinet meeting today was attended by Secretaries Hay, Hitchcock, Long and Gage and Postmaster General Smith. It was devoted largely to a discussion of the Chinese situation. Secretary Hay laid before the cabinet advices from some of the consular officers in China whichindicated that the situation is very critical. Secretary Long had no late dispatches. Steps that have been taken to re-enforce Admiral Kempff were gone over and it was decided to stand by the policy which has been entered upon of pushing measures for the protection of the lives and property of American citizens and of acting independently as far as possible. It may be that in the accomplishment of this result the forces of the powers will have to act in unison for the protection of all foreign residents in the disturbed districts, but this is to be the extent of the American activity. It is to be confined solely to the protection and safeguarding of our own interests and those of our citizens. The Chinese government will be looked to, under the general laws of the comity of nations, to restore order and to make such reparation as is proper. From all political schemes in which any of the powers may become involved the United States is to hold aloof. This is the general policy heretofore outlined and it will be adhered to.

The navy department has cabled directly to Rear Admiral Kempff at Taku to inform him that marine reinforcements have been ordered to him from Manila. Thus the admiral will be in a position to act with greater freedom in sending relief expeditions to Pekin and elsewhere, knowing that he will soon be able to replace the marines diverted from Taku.

WERE NEAR CONFLICT.

Victoria, B. C., June 12.—The steamer Queen Adelaide, from the orient, brings a story that six weeks ago Japan and Russia were close to war over the landing of a Japanese trader, whose removal was requested by Russia at Masamp. War was said to have been averted by the refusal of Great Britain to act with Japan. Advices from Shanghai tell of the murder of the Chinese general, Yang Loh, while parleying with the boxers near Ting Fu. He was cut down from behind.

The French consul at Yarran has been found to be supplying arms to the rebels in south China and the Chinese government has asked for his removal.

STIRRING NEWS EXPECTED.

New York, June 12.—Nothing is known as yet of the resolutions which impelled Capt. B. H. McCalla to go ashore at Tien Tsin personally, instead of placing the little force of Americans under the command of a subordinate officer, says the Washington correspondent of the Times. A high official of the navy department took the view that the situation was so serious that Admiral Kempff considered it advisable to have the best officer on his ship ashore instead of keeping him on the Newark.

"Captain McCalla is a cool headed and able officer," said the official who advanced this opinion, "and Admiral Kempff very likely thought that the situation called for all the brains, ability and experience that could be secured. It is unusual to send the captain of a ship ashore, but Admiral Kempff is the judge of the needs of the situation. In my opinion we shall have some very stirring news from China before the week is out."

MANIAC TRIES TO KILL JUDGE

POLICE AVERT A TRAGEDY IN INDIANAPOLIS COURT.

George W. Bennett Drew a Revolver on Judge Alford and Then Turned on Prosecutor Pugh.

Indianapolis, Ind., June 12.—An escaped murderer and lunatic today attempted to take the life of Fremont Alford, criminal judge of this county, and Prosecutor Edwin B. Pugh. The would-be assassin was George W. Bennett, who had escaped from the hospital for the insane. Bennett stole up behind Judge Alford shortly after court convened and was about to fire a revolver at the judge's head when Prosecutor Pugh appeared and Bennett turned on him. A policeman caught the fall of the revolver's hammer and overpowered the maniac.

Bennett killed two men at Lafayette in 1889, was sent to prison and afterwards transferred to the insane asylum.

THE JAPS CAME BACK.

San Francisco, June 12.—The Examiner asserts that of a band of thirty-two Japanese immigrants who were recently deported on the steamer Thyra at least four, and possibly twenty, are already back in this state. One of them has been identified and is now in custody. The men are supposed to have left the Thyra at Portland or Astoria, where the vessel touched, but the northern customs officers declare that such could not have been the case.

PLAGUE CASES.

Cairo, June 12.—Out of a total of seventy-five plague cases since the outbreak of the disease here, thirty-four of them have resulted fatally.

'TIS NOT FOR TEDDY

HE WILL NOT ACCEPT THE VICE PRESIDENCY.

JUST AS POSITIVE AS EVER

PROMINENT REPUBLICANS SEE THE PRESIDENT.

THEN GO TO PHILADELPHIA

SCOTT, OF CALIFORNIA, IS A POSSIBILITY.

Albany, N. Y., June 12.—Governor Roosevelt today again reiterated his former statement relative to accepting the vice presidential nomination on the republican national ticket, which he absolutely declined. "I have nothing further to add," said he, "to what I have already said. My decision is irrevocable."

PRESIDENT'S CALLERS.

Washington, June 12.—The president had quite a number of prominent callers today before the cabinet meeting. They included Senator Hanna, chairman of the republican national committee; Senator Allison, of Iowa; Senator Fairbanks, of Indiana; Senator Penrose, of Pennsylvania, and Thomas K. Lowery, of Minnesota, one of the delegates-at-large from his state to the Philadelphia convention. Senator Hanna goes to Philadelphia tomorrow to attend the first meeting of the subcommittee of the republican national executive committee. He probably will see the president again before his departure. Senator Fairbanks goes to Ohio tonight to deliver an address to the graduating class of the Ohio Wesleyan university and will not reach Philadelphia until Saturday. Senator Allison also expects to arrive on that day. Mr. Lowery, who is pushing Senator Washburn, of his state for the vice presidency, continued his journey to Philadelphia today. Although the gossip around the white house in connection with the president's callers centered particularly about the vice presidential nominatiton, the senators who conferred with Mr. McKinley were reticent, concurring only in the statement that the situation had not crystalized.

"No one can say with positiveness who the nominee for vice president will be," said one of the senators, after he had left the white house. "Things are shaping some, but the problem is a difficult one to solve. I think the republican leaders as a rule are of the opinion that the nomination should go east so as to secure a geographically balanced ticket. Secretary Long would make an admirable candidate, but his state is safely republican and his nomination would avail little from a strategetical standpoint. Most republicans, I think, would prefer to see the nominee chosen from New York, but there are difficulties in the way. Governor Roosevelt's attitude prevents a natural striction. If Cornelius N. Bliss would accept the nomination I think the problem would be solved. He is being urged to permit his name to go before the convention, but he has thus far declined, and I am afraid he can not be induced to alter his position. He retired to private life from choice for domestic reasons and nothing, I fear, will induce him to re-eter politics."

CALIFORNIA'S CANDIDATE.

San Francisco, June 12.—Mention of Irving M. Scott as a candidate for the vice-presidential nomination on the republican ticket has aroused interest in California. Owing to the fact that several of the members of the state delegation are already in the east, no general expression of opinion could be secured. It is stated that the delegates from the Third congressional district have been instructed to support Secretary of the Navy Long for vice-president, but delegates from other districts had no hesitancy in saying that the California delegation should support a Californian if the name of a candidate from this state is presented to the convention.

The members of the delegation to the national convention who had not already gone east started for Philadelphia today. They expect to arrive there Saturday night. The party occupied two Pullmans, which were handsomely decorated.

Mr. and Mrs. Charles G. Fox have gone to Rome City for a few days.

THE COURT NEWS.

M'LEISH AND BUSBY ARE BOUND OVER.

BOND IS FIXED AT $600 EACH

VIOLATERS OF FISH LAW ARE IN TROUBLE.

SEVEN MEN HAVE BEEN FINED

NEWS GATHERED IN ONE DAY IN THE COURTS

After a hearing this morning Justice France bound Oat McLeish and Harry Busby over to the circuit court on a charge of larceny and obtaining goods under false pretenses. Neither could give the $600 bond required and both were taken back to jail.

The men were arrested some time ago by Sheriff Melching and Officer Borgman upon the complaint of Henry and Charles Whitemire, who say the pair bunkoed them out of a horse near New Haven. The Whitemires were traveling overland from Pennsylvania to Wyoming. In court this morning both prisoners entered a plea of not guilty, but when Prosecutor Emrick began questioning Busby he became tangled, withdrew his plea of not guilty and told a straight story. McLeish has evidently had a wider experience in devious ways and Prosecutor Emrick says an officer has recognized him as a man who once worked the green goods racket at Marion.

AFTER THE FISHERMEN.

Oscar Welty, deputy fish commissioner, has been in the city several days investigating violations of the fish laws, and a large assortment of seines are now stored in Justice France's office as the result of a number of raids. Seven men have already pleaded guilty and paid fines, and still others are to follow.

FOR ASSAULT AND BATTERY.

Emil and George Wehrmeister were arrested this morning by Constable Ford upon a charge of assault and battery preferred by Paul Miller. The trouble occurred Saturday evening in a barber shop on East Creighton avenue and Miller avers that he was knocked down with a spittoon and otherwise maltreated. The defendants are on trial this afternoon before Justice France.

COURT NEWS.

The Alcatraz Construction company has filed affidavits against Edward P. Williams, Henry M. Williams and Meade C. Williams in the superior court. The cases come up for hearing on the 23rd.

In the superior court Alphonse Marx enters suit against Abe and Isaac Weil to recover money due on account. Breen & Morris are attorneys.

The Keeley Brewing company has entered suit against William Hock to recover money due on a note. J. E. K. France is attorney.

Julius Remus has entered suit against David Brundage on a foreclosure lien. Bell & Doughman are attorneys.

Caroline Gladbach has entered a suit against Ed Noweck for $2,000 damages. The attorneys for the plaintiff are W. and E. Leonard.

In the circuit court this afternoon the case of Louis F. Curdes vs. John Henry Rahe is being heard before Judge O'Rourke. Plaintiff sues to recover fees on the sale of some real estate for defendant.

GONE TO KANSAS CITY.

Indianapolis June 12.—Chairman Martin and Secretary Hawkins, of the democratic state committee, left Indianapolis yestrday afternoon for Kansas City, where they go to prepare accommodation for the citizens of this state, who may accompany the Indiana delegation to the national convention July 4. It is understood that rooms have been engaged at the Coates house for the delegates, but that there will not be room enough at that hotel to accommodate any outsiders who may go with the delegation from this state. Messrs. Martin and Hawkins will also arrange for the entertainment of the Indiana democrats who attend the convention. They will return the latter part of the week.

There will be a meeting of the state committee some time before the convention, when final arrangements for the convention will be made. Some one will be selected at this meeting to have charge of the headquarters at Kansas City.

THE ST. LOUIS STRIKE.

St. Louis, June 12.—All the divisions and lines of the St. Louis Transit company were in operation today, but only a portion of the regular number of cars were running. The experiment of sending out cars over some of the lines without police guards having worked satisfactorily yesterday that plan was carried out today on several of the divisions. Owing to the mayor's proclamation there was comparatively little trouble during the morning, the injunction forbidding the use of explosives or fire arms and warning those having no business on the streets to keep off apparently had a good effect. Both the strikers and the authorities are preparing statesments and making up lists of witnesses to be heard at the cornoner's inquiry which tomorrow will endeavor to settle the responsibility for Sunday's killings.

FISHERMEN WILL MEET.

There will be a meeting of the fishermen of the city at Nimrod hall this evening, at which the present fish laws will be discussed and steps taken to prevent illegal fishing. A number of gentlemen will be present and make addresses upon the subject, with suggestions of desired changes in the fish laws.

ON A CANOE TRIP.

J. E. Macomber and W. E. Schroeder, of Toledo, were in the city last evening. They are enjoying an outing along the rivers and paddled down the St. Joe river from Stryker, Ohio, to this city. After remaining in Fort Wayne over night they left this morning in their canoe on the Maumee river for Toledo. This form of outing possesses the charm of novelty and the Toledo gentlemen appear to be enjoying it to the fullest extent.

MR. MULFORD WAS FIRST.

John C. Mulford, of Michigan avenue, is the first census enumerator in Allen County to complete his count and forward the reports to Supervisor Wood. Mulford finished the work last evening, and the papers went forward today. He was engaged just ten days in the canvass. It is probably others will follow him closely, as the count in the city must be completed this week.

ON A PRACTICE CRUISE

A letter to Andrew Michel, of 404 East Wayne street, brings the information that his son, William Michel, who is a naval cadet at Newport, R. I., will leave this week on the schoolship Monongahela for a six month's cruise to the West Indies and in European waters. There will be two hundred of the cadets make the trip, and on their return next fall it is expected they will be assigned to the war vessels.

FAMOUS SINGER DEAD.

Santa Cruz, Cal., June 12—Madame Augusta Lehmann, once a singer of international reputation, is dead in this city, aged eighty years. She was a native of Germany and came to this country with Parepa Rosa.

LITOT-RONDOT.

At 8:30 o'clock at the Cathedral this morning occurred the marriage of Miss Mary Litot and Mr. Joseph Rondot, Very Rev. John Guendling officiating. Miss Josephine Litot was bridesmaid and Harry Rondot acted as best man. Quite a large number of the friends of the couple gathered at the church to witness the ceremony. After the ceremony the wedding party and a large number of guests partook of an elaborate wedding dinner at the home of Mr. and Mrs. Rondot, on Summit street.

WILL GO FOR A RECORD.

Will Bostick and Will Peltier will leave the city at 6 o'clock tomorrow morning for Lima, Ohio, a distance of about 135 miles. The trip will be made to establish an automobile record and they expect to return tomorrow evening.

A TOKEN OF RESPECT.

The flag on the city hall has been flying at half mast today out of respect to the memory of the late ex-Mayor Henry Sharp.

Mrs. A. L. Smith is at home from a visit at North Manchester.

IT STAYS AT FOURTH STREET

NORTH SIDE CROSSING MATTER IS DECIDED.

Board of Works and Street Committee Considered Petitions—Other Notes.

At a joint meeting held last evening the board of public works and the council committee on streets and alleys decided that the new crossing established over the Lake Shore railroad tracks at Fourth street should be maintained permanently. The report which will be made to the city council this evening will declare in favor of locating a crossing at Third street as soon as a bridge is built across the St. Mary's river at Calhoun street, but that under no circumstances shall the crossing at Fourth street be given up, now or in the future.

There were two petitions under consideration. One document bearing eighty-three signatures asked that the crossing be located at Third street, while another with 626 signatures favored the retaining of the Fourth street crossing.

BOARD OF WORKS.

The Maumee Valley Traction company has filed with the board of works its petition for an electric railway franchise over certain streets in the city of Fort Wayne, as detailed in The Sentinel last evening. It is expressly stated that the said road shall be a part of a road running from New Haven to Fort Wayne. The petitioners agree to lay tracks and erect poles in such manner as will least interfere with public and private rights, and further agree to keep all streets occupied in good condition, and to pave the space between the rails and for a space of eight inches on the outer side of each rail, with whatever material the rest of the streets may be paved with.

Aaron Greensfelder and others petitioned to have an electric light placed at the south line of Garden street.

The board of works ratified a contract and franchise with the Fort Wayne District Telegraph and Parcel company and the matter now goes to the city council. The franchise allows the company to erect poles and strong wires on the territory it now occupies without a legal right, and provides that during the five years beginning January 1 next the company shall pay into the city treasury 2 per cent. of its gross receipts, and 3 per cent. thereafter.

WILL RAISE QUARANTINE.

San Francisco, June 12.—The board of health has decided to raise the quarantine of Chinatown twenty days from the verification of the last case of plague, which was on June 2. If another case is found, however, the quarantine will not be lifted until twenty days from the date of such discovery. Wing Ti, a Chinese undertaker, last night had three coffins shipped in through the lines, and so doing incurred the displeasure of several hundred of his Chinese brethren. They demanded to know what use he had for coffins when no one died, and not being able to explain to their satisfaction, he was mobbed. The front of his shop was battered in with stones and clubs and he was chased to hiding. It then required the efforts of a strong force of police to club the riotous Chinese into submission "There are about 14,000 people in Chinatown," said one of the company's officers last night. "Of this number at least four thousand are penniless and without food except what is supplied by the merchants and the six companies." Many of the Chinese merchants, at a meeting held during the week, decided to pay no bills or rent during the blockade.

GETS JOB BYNUM WANTED.

New York, June 12.—A special to the Herald from Washington says: Representative Marion DeVries, of California, has been appointed to fill the vacancy on the board of general appraisers at New York, caused by the failure of the senate to confirm the appointment of former Representative W. D. Bynum, of Indiana. Though Mr. DeVries is appointed as a democrat, it is said his selection was largely due to the influence of prominent republican politicians, including Senator Hanna, Representative Babcock, chairman of the congressional committee, and Representative Dick.

CARNIVAL OF INDIANA ELKS.

Marion, Ind., June 12.—The carnival of the Elks of Indiana opened yesterday with a parade of the midway shows and an industrial demonstration. The midway attractions included the Porto Rican and Mexican theater, streets of all nations, streets of India, driven Elks, streets of Cairo, with La Belle Rosa and her troupe of oriental dancing girls, camels, donkeys and elephants. Other attractions were a horse show, German village and trained wild animals. Arrangements have been made by the Elks and other citizens to entertain 100,000 people.

Today is the first day of the Elks' state meeting, tomorrow the Elks' parade, in which all Elk lodges of the state will participate, and prizes will be given to lodges having the largest number of their membership in the line of march. Thursday will be labor day, Friday Mardi Gras day and Saturday agricultural day.

WILL BE HELD ON WEDNESDAY

THE FUNERAL SERVICES FOR EX-MAYOR SHARP.

To Be Conducted at the Residence at 3 O'clock—other Mortuary Matters.

Funeral services for ex-Mayor Henry Sharp will be held tomorrow afternoon at 3 o'clock from his late residence, 25 Jackson street. Rev. Dr. Moffat, of the First Presbyterian church, will officiate, and the pall-bearers are made up from the official boards of the church with which Mr. Sharp was affiliated for so many years. They are Henry Hoffman, E. H. McDonald, James McKay, T. M. Lloyd, William Griffith and W. D. Page. The Haydn quartet will render the musical service, and the remains of the pioneer citizen will be laid to rest at Lindenwood.

KENNERD.

The remains of Garrison Kennerd, who died Saturday morning at Rector, Ark., were interred at Lindenwood cemetery this afternoon. The body arrived last evening in charge of a son-in-law, who formerly resided in this city. Mr. Kennerd was 93 years of age, and his family is buried at Lindenwood, though they were never residents of Fort Wayne.

SCHULTZ.

Mary Schultz, the infant daughter of Mr. and Mrs. Frederick Schultz, of 50 John street, died this morning from exhaustion at the age of 1 day.

The funeral will be held tomorrow morning, interment at Concordia.

FUNERAL ANNOUNCEMENT.

Klotz.—Funeral services of Mrs. Frank G. Klotz will be held Wednesday morning at 8:30 from the residence, 336 South Harrison street, and at 9 o'clock from St. Patrick's Catholic church.

BRICKLAYERS' STRIKE.

Chicago, June 12.—The brickleyers employed by the city in the construction of the intercepting sewer system, the building of electrical conduits and other improvements going on in various parts of the city were called out by their union today, the result being the almost complete stoppage of the work on public improvements, leaving miles of streets torn up for the sewer and conduit systems in an almost impassable condition. The trouble is said to have arisen over the letting of a minor contract to a contractor, who is persona non-grata with the union.

MRS. GEORGE H. BOKER DEAD.

Philadelphia, Pa., June 12.—Mrs. George H. Boker, widow of the poet and ex-minister to Russia, is dead at her home in this city.

Mother's Friend

does away with the suffering of childbirth. It is a penetrating liniment to be used externally. It causes the muscles to expand and gives them elasticity and strength for the coming ordeal. Mothers who have used it consider it as necessary as the food they eat. It is utterly impossible for it to do harm, as in the case of medicines taken internally, and the good it has done for other mothers, it will do for you.

Magnetism, the life principle, nature's supreme restorative. Thousands have been cured and testify to the efficacy of magnetic healing. There is nothing supernatural, nothing "divine," nothing occult or strange. It is nature's own remedy understood and applied. Read these unsolicited testimonials:

Mrs. W. L. Stephens, of Garland, Pa., says: "For years I had been a sufferer from chronic neuralgia, which attacked me most malignantly. After receiving magnetic treatment a few times I was permanently cured. No other treatment ever benefited me."

Mr. Foster, of Mt. Sterling, Ky., says: "I was for many years a constant sufferer from dyspepsia. I had spent a fortune treating with skilled physicians and buying medicines, without getting any relief that was permanent. Magnetic treatment cured me in a short time and I have not suffered since."

Mr. J. Poor, Denver, Col., writes: "Magnetic treatment cured me of a most distressing and obstinate case of nervous prostration after all other means had failed and I was under skilled medical treatment. I was made sound and well by magnetic treatment."

Originals of these testimonials and hundreds of others may be seen at the institute. Examination, consultation and first treatment free at the institute.

How many years of her life does a woman spend over the hot cook stove getting those three meals a day? Back aching, head throbbing, nerves twitching, it's all the same, there are three meals a day to be prepared. Dr. Pierce's Favorite Prescription cannot lighten woman's labor, but it can and does increase her strength. It cures those diseases of the womanly organs which undermine woman's vitality.

"I cannot praise Dr. Pierce's Favorite Prescription too highly as a tonic for tired, worn-out women who are afflicted with female weakness," writes Mrs. Ira W. Holmes, of Cedar Rapids, Iowa. "It has helped me very much and a skillful physician once said to me in answer to my question as to its efficacy, 'I know of cases where it has really worked wonders.'"

Dr. Pierce's Pleasant Pellets do not re-act upon the system. They are a good thing to keep in the house. One 'Pellet' is a laxative, two a cathartic dose. The medicine for every woman.

Mr. and Mrs. Charles Brown, of Chicago, are in the city on their bridal tour and are guests at the Randall. Mr. Brown is a well known traveling salesman.

Allen lodge, No. 29, Degree of Honor, will be entertained by Mrs. E. M. Hall, 46 Gay street, Wednesday afternoon and evening. Supper will be served from 4 to 8.

Mrs. E. W. Allen, of Washington boulevard, entertained the Missionary society of the West Jefferson street Church of Christ in a charming manner Friday afternoon, giving an India tea. After an interesting program the ladies were invited to the dining room, where they were seated upon the floor in picnic fashion and served with tea, rice, curry and chapatis, after the custom in India.

Henry Nieman, of this city, whose headquarters are now in New York city, is here for a few weeks, visiting friends and relatives. Mr. Nieman is salesman for the W. F. Stimson Computing Scale company, of Detroit, Mich. He has just returned from an extended tour through the southern states and spent some time in Cuba and Porto Rico. Mr. Nieman formerly conducted a cigar store at the corner of Jefferson and Calhoun streets, in this city, and has a large circle of friends here.

EATS ANYTHING

Since Leaving Off Coffee.

"I wish to give my experience with coffee for the benefit of other people. I used coffee for several years and was a terrible sufferer from dyspepsia. The doctor told me not to use coffee or tea and put me on a light diet, and I felt better.

"Then I commenced to drink coffee again and had the same trouble come on.

"One day I told a friend about it, who said if I would stop drinking coffee altogether I would feel better, and advised me to use Postum Food Coffee in its place.

"I tried the Postum but did not like it, so I told him about it and he said I didn't cook it right, that is, didn't boil it enough and that I should use cream instead of milk, and to make sure I would use it, he sent a package to the house.

"After I used that package I would have no more coffee in the house. Now I don't know what it is to have dyspepsia and I can eat anything. I also give Postum to my two children and they are the healthiest children you could find anywhere. The youngest is a boy 13 months old and we have been giving him Postum for seven months, three times a day. He weighs 30 pounds, and I know that Postum is what keeps both of them so healthy.

"I think all people who have dyspepsia get it from coffee drinking.

"Yours truly, Mrs. Jno. Stringer, 29 S. Florida Ave., Atlantic City, N. J.

GILT-EDGED BAND.

Superb Musicians Play for the Combined Forepaugh-Sells Show.

Music supplies a theme that is exhaustless. There is no one who is insensible to the charms of a good military band. It will be good news to all who love music to learn that the band with the Adam Forepaugh and Sells Brothers' show is under the leadership of the famous one-time leader of the Marine band at Washington, Professor William Merrick. Like all the features of the great consolidation, this band is upon an enormous and high-class scale, and numbers no less than forty gilt-edged musicians. This splendid musical organization gives a fine concert for forty-five minutes before the circus program begins. It is a great and gratuitous feature of these greatest of all shows that are now exhibiting under the same tents for a single admission ticket.

Three herds of elephants: the world-famous Adam Forepaugh herd of monster dancing elephants, the largest and best trained in the world; the Sells Brothers' gigantic herd, which ranks next to the Forepaugh, and Professor Dockrill's herd of pigmy pachyderms, the tiniest, cutest and funniest little elephants in the world. In these wonderful exhibitions of the triumph of man over the animal kingdom there is something to interest and instruct both old and young, and they should most certainly be seen by everybody. Thursday, June 21, will signalize the advent of the big federated circuses in this city.

BRITONS WORRY.

OVER REPORTS THAT COME FROM SOUTH AFRICA.

METHUEN HAS BEEN FIGHTING

HAS NOT BEEN HEARD FROM SINCE JUNE 7.

BULLER MAKES PROGRESS

THE BRITISH HAVE FORCED ALMONDS NEK.

London, June 12.—5:20 p. m. The following dispatch has been received at the war office from General Forestier-Walker, in command of the lines of communication in South Africa:

"Cape Town, June 12.—The following is from Kelly-Kenniy: 'June 11.—No communication from Methuen since June 7. He was fighting June 6 to the north of Vetchkop. Steyn is near Reitz.' The British prisoners sent to Vrede are well treated."

KELLY-KENNY HEARD FROM.

London, June 12.—6:32 a. m.—The war office has received the following dispatch from General Kelly-Kenny:

"Bloemfontein, June 12. — Our troops from the north are at Honing Spruit (south of Roodeval, where the Boers cut the British lines of communication), having defeated the enemy. They will be at America Siding tomorrow at 8 a. m.

"General Knox moves out from Kroonstad to intercept the enemy.

"Full particulars later."

SENSATIONAL REPORTS.

London, June 12.—1:37 p. m.—A plentiful crop of reports has been filtering through Lorenzo Marques. According to these General DeWet, with 13,000 burghers, is marching on Johannesburg, the Boers have retaken Bloemfontein, where President Steyn again occupies the presidency, the British have sustained a severe defeat at Blandsfontein, and have also lost 750 killed and wounded and 150 prisoners in a fight at Vrodefort. Nothing from any other source lends color to these stories, with the exception of the last, which is probably the Boer version of the disaster to the militia battalion of the Derbyshire regiment at Roodeval.

In regard to President Steyn being at Bloemfontein, a dispatch from Maseru, Basutoland, dated Monday, June 11, says President Steyn was then at Vrede, two hundred miles from Bloemfontein.

General Buller seems to be making substantial progress and ought soon to possess the railroad at Charlestown (in the northern extremity of Natal), whence, presumably, he will advance on Heidelberg and effect a junction with Lord Roberts.

A dispatch from Lichtenburg, dated June 11, says sixty Johannesburg mounted policemen, with a Maxim gun, have surrendered to General Hunter.

A probable explanation of the reports that a British force is moving through Swaziland comes in a dispatch from Port Elizabeth, dated June 11, announcing the return there of the British cruiser Doris from Kosi bay, whither she had taken a number of whaleboats with the object of landing an armed force, presumably part of a plan to penetrate Swaziland. The Boers, however, got wind of the expedition, and the force was not landed.

According to a Cape Town dispatch the cabinet crisis continues. It is added that should Premier Schreiner secede from the bond, as he threatens, his action would place the bond in the minority in the assembly.

Mr. Schreiner has accepted the resignations of J. X. Merriman, treasurer, and J. W. Sauer, commissioner of public works.

Among the members of the yeomanry killed at Lindley was W. T. Power, proprietor of the Canon ranch, in north Texas and son of Sir W. T. Power.

BULLER REPORTS SUCCESS.

London, June 12.—10:05 a. m.—It is officially announced that General Buller reports that Almonds Nek has been forced. The war office posts the following dispatch from General Buller:

"Headquarters in Natal, June 11.—We forced Almonds Nek today. It is not marked on the map, but is the last defile to Charleston flats. The enemy were in considerable force, with several guns in position. The brunt of the fighting fell upon the Second Dorsets, who carried the position at the point of the bayonet, and the Third cavalry brigade, who were heavily attacked on our right from very broken country round Ikelinl mountain. I hope our casualties are less than 100, which, considering the extreme length of the position, is much less than I expect.

"The whole attack was directed by Hildyard, whose dispositions were extremely good. The artillery, Tenth brigade and Third cavalry brigade did most of the work."

RENTS THE TEMPLE.

Rev. E. W. Allen, pastor of the West Jefferson street Church of Christ, has rented the Masonic Temple for the season from Manager Stouder and will hold meetings each Sunday evening during the summer. Rev. Allen rented the building with the intention of giving the public a more central place of worship, believing that the attendance and interest can be greatly increased by so doing.

ADMIRAL DEWEY IN MICHIGAN

ENJOYS A DRIVE ABOUT GRAND RAPIDS' STREETS.

Mrs. Dewey is Ill and is Not With the Admiral—The Parade a Large One.

Grand Rapids, Mich., June 12.—Western Michigan did honor to Admiral Dewey today, thousands of excursionists coming from all directions on special trains. This morning the admiral took a drive about the city, accompanied by Congressman William Allen Smith. Mrs. Dewey was unable to accompany him on account of illness caused by a cold contracted in Columbus. On this account the public reception this afternoon planned in her honor by women of the city was cancelled. The parade in Dewey's honor this afternoon was one of the largest ever seen in Grand Rapids. It was combined with the parade of the great camp of the Maccabees, which is in session here. More than 2,000 Maccabees were in line, together with military and civic societies, and industrial floats. Admiral Dewey rode at the head of the parade, and afterwards reviewed it at Fulton park. The entire route of the march was a mass of bunting. Dewey and his party will leave for Washington this evening, via the Grand Rapids and Indiana and Baltimore and Ohio railroads.

TWO FILIPINO GENERALS

REPORTED BY GEN. MACARTHUR AS BEING CAUGHT.

One Is a Very Prominent Leader of the Guerillas—Captures Are Important.

Washington, June 12.—General MacArthur, at Manila, cabled the war department today as follows:

"Report capture Generals Hizon, near Mexico, and Cavestany at Alcala, both important; latter very important leader of guerillas in Pangasinan province (Luzon).

"MacArthur."

General Corbin attaches considerable importance to these captures. In his opinion they are more nearly in the nature of surrenders than captures, and indicate that the principal leaders of the insurrection are abandoning that cause, and are coming in to Manila to accept American supremacy.

CROP PROSPECTS ARE GLOOMY.

St. Paul, Minn., June 12.—Northern Pacific crop reports received yesterday give a gloomy view of the crop prospects. Recent showers, of which so much was expected, were followed by hot winds, which counteracted any good they might have done. Rye in many places is being plowed under. Grain is suffering, except in Montana and a limited locality in North Dakota, from which more hopeful reports are received.

The state authorities are taking active steps to stop the ravages of grasshoppers in the northwestern part of the state. The Great Northern and the Northern Pacific roads have offered to furnish free all the transportation facilities necessary for the work.

Martin who signed the above dispatch is the United States consul at Chinkiang.

M'LEAN CONTROLS

OHIO DEMOCRATS GET READY FOR CONVENTION.

A CONTEST FOR EVERY OFFICE

JOHN R. M'LEAN MAY BE NATIONAL DELEGATE.

DEMOCRATS IN BADGER STATE

WILL CHOOSE DELEGATES TO KANSAS CITY.

Columbus, Ohio, June 12.—All the preliminary work of the democratic state convention was completed today so that business can be despatched tomorrow. The old state committee concluded its business during the forenoon and the delegates met in the afternoon to select the members of the new state committee, vice presidents and other officers of the convention and members of the different committees. The committees all meet tonight so as to be able to report to the convention tomorrow morning. The committee on credentials has a contest to settle between the Wilson and Farley delegations of Cleveland and other minor contests to consider. The committee on resolutions will have many differences of opinion to settle on the language of the platform, but there are no radical differences regarding the issues. The differences are mainly as to the form in which the declarations shall be made. There will be contests for all places on the state ticket and no slate is likely to be able to get through. One of the contests is between Col. James Kilbourne and Congressman John J. Lentz, of this city, for delegate-at-large. The McLean men control the convention by a large majority and they have been favoring Lentz, but the delegates of this district at their meeting today endorsed Kilbourne for delegate-at-large, and as Mr. Lentz is making a fight now for re-election to congress he may not antagonize the delegates of his district. The delegates of this county also endorsed Kilbourne. There is some talk of making John R. McLean a delegate-at-large notwithstanding his purpose to sail for Europe next Saturday and not attend the Kansas City convention. In that event there will be a contest for the place of first alternate-at-large, who would no doubt be called upon to act in the absence of Mr. McLean. Among the long list of names mentioned the most prominent are Charles N. Haskell and John C. Welty for delegate-at-large from the northern part of the state.

The agitation for Admiral Dewey as the candidate for vice president continues and it is claimed to be entering into the contests for delegates-at-large. Dewey was entertained here last week by Kilbourne. Still, those who talk most about Bryan and Dewey for the ticket at Kansas City seem to favor Lentz. Although McLean cannot be here he is represented by confidential men, who are non-commital on the Dewey candidacy.

KILBOURNE WINS.

Columbus, Ohio, June 12.—After the endorsement of Kilbourne by the delegates of their home county this morning, the fight between Kilbourne and Lentz this afternoon is about over. It is conceded that Kilbourne will now be one of the delegates-at-large, and that W. S. Thomas, of Springfield, will also be selected. There is a contest between George W. Hull and Charles N. Haskell for delegates-at-large, as both reside in northwestern Ohio. Some favor sending both of them to Kansas City, while others insist on geographical distribution. Abe Patrick, who was on the ticket last year for lieutenant governor with McLean, lives in eastern Ohio and is being pressed for delegate-at-large.

The anti-McLean men are trying to organize to control the convention. If it is found that northwestern Ohio can have only one delegate-at-large, the McLean men will support Haskell and the anti-McLean men will stand for Hull.

WISCONSIN DEMOCRATS.

Milwaukee, Wis., June 12.—The democratic state convention to elect four delegates-at-large and to ratify the selection of two district delegates to the national convention at Kansas City met at the Alhambria theater at 11 o'clock today. A profusion of flags adorned the auditorium and stage, while in the background hung a large picture of Bryan. The convention is made up of 663 delegates. George W. Peck, chairman of the state central committee, called the convention to order and introduced Judge James H. McGillan, of Green Bay, as temporary chairman. Judge McGillan, in assuming the chair, said:

"I believe that the opportunity of democracy has arrived. The republican party and the present administration have given this government four years of broken pledges and broken promises; they may talk to you of their prosperity, but when we look around us and see the misery and the trials of the poor man, we must admit that it is the prosperity of wealth and not the prosperity of labor.

"Look where we may, we see the laboring man engaged in a life and death struggle for an existence with capital."

On the matter of trusts he said:

"The formation of these organic trusts has resulted in the throwing out of employment of thousands and thousands of deserving men, taking from families and the loved ones of these men their only means of subsistence.

"Under the republican administration these trusts have been fostered from infancy until they have attained the proportions of a giant, and have the republican party by the throat by their campaign contributions and otherwise, to such an extent that the republican party finds it impossible to exist without them."

He attacked the national administration for the course pursued in the enactment of the Porto Rican tariff bill. The administration was also criticized on its Cuban policy in "deluging on that island a horde of office-seeking carpet baggers." He concluded:

"We have seen our armies on foreign soil in the far Philippines, where we have entered without disclosing our purpose or our ultimate onject. We are seeing the flower of American manhood being sacrificed again to that spirit of imperialism."

At the conclusion of Judge McGillan's speech committees were appointed and a recess was taken.

A committee on resolutions was also appointed and recess taken until 2:30 p. m. Interest centered on the contest for national committeeman. E. C. Wall, of Milwaukee, and T. E. Myan, of Waukesha, were contestants for the honor.

SHE TOOK A CARRIAGE RIDE

SAW NIAGARA FALLS, THEN LEAPED INTO WHIRLPOOL.

Fair Visitor Jumped to Death Just as a Suicidal Priest's Body Was Being Recovered.

Niagara Falls, N. Y., June 12.—Yesterday a young lady, who twice registered as Miss Mabel Williams, of Philadelphia, committed suicide by leaping into the whirlpool rapids from the foot of an elevator on the Canadian side of the river. She was about 23 years old, and of commanding beauty. She was dressed in a black brocaded silk, with a white and black yoke. She arrived at Niagara Falls at 11 o'clock Sunday night over the Lehigh Valley, and went to the Wayne hotel for the night.

Yesterday morning, however, she was up bright and early and engaged a carriage for a drive. She did not wait for breakfast, but went away in the carriage, stating she wanted to see everything. She crossed the upper arch and went to Table Rock, then to a fancy goods bazaar, where she bought a Wedgewood Pottery plaque, which, with her silver bracelet, she had wrapped in a package and addressed it to Mrs. Charles N. Wagner, No. 1129 Walnut street, Allentown, Penn. She went to the elevator, descending in the car to the waters edge. She said to the photographer:

"This is a very fascinating spot. It is a wonder that more people do not commit suicide from here."

She was soon left alone, and before long a man rushed into the elevator office at the top of the bank exclaiming that he had seen a woman leap into the rapids below. A search resulted in discovering that Miss Williams was missing. The witnesses of the suicide were on the steel arch bridge, and it is a strange fact that when she leaped to death the body of the priest who suicided immediately opposite on May 25 was being trundled through the streets of the city to the altar of the church where the final mass was to be said over his remains.

WANTS A CRUISER

CONSUL MARTIN TELEGRAPHS SECRETARY LONG.

THERE IS NO PROTECTION

NATIVES HAVE ORGANIZED A SECRET SOCIETY.

CABINET TALKS OF SITUATION

AMERICAN CITIZENS WILL BE GUARDED.

Washington, June 12.—The following dispatch was received at the state department today:

"Chinkiang, June 12.—Secretary of State—Large numbers of natives have organized secret society and are halted here. People very apprehensive. No protection. Want cruiser. (Signed.) "Martin."

Mr. Martin is the United States consul at Chinkiang and his telegram is the first news received here to indicate the spread of the boxer agitation in that section of China. Chinkiang is one of the most important treaty ports in China. It is located on the Yang Tse Kiang, a little over 1,000 miles above the point where the Wo Sung enters, and is about 125 miles from Shanghai. At the latter port the United States gunboats Yorktown and Castine are now lying, undergoing some repairs. The extent of these is not known at the navy department, but assuming that they are not more extensive than usual it is said that one or both of the vessels might be dispatched to Chinkiang in the course of a day or two. However, up to this moment no orders have gone forward to either of the vessels or to Admiral Remey. There is an intimation at the state department that the consul at Chinkiang has exaggerated the danger of the situation and the halting near the town of a number of boxers is not evidence that they have any hostile intentions against the American consulate. It is probable, therefore, that in the absence of more serious developments no ship will be sent to Chinkiang. The town is nearly 300 miles southeast of Pekin, but fortunately is much more accessible to foreign warships and vessels drawing as much as twenty-five feet of water can work up the river to that point. One of the dispatches received at the state department this morning was from another consular officer in China, but it was stated that it conveyed no news of importance and its contents were not made public.

The pressure upon the president and department of state from the missionary interests is increasing every moment. It is desired that a relief expedition be sent out by the United States government to secure the safety of the missions in outlying Chinese towns and the intimation is conveyed that troops might be employed for that purpose. The state department, however, has not altered its position and Admiral Kempff is still confined to his instructions to protect American lives and the American legation and consulates. Mr. Conger, likewise, has been laid under the same injunction, but nothing has been added to his instruction that would specifically direct him to endanger the safety of the legation at Pekin by sending the guards into the southern country in the effort to reach the scattered missions. If this task is to be undertaken by him something more than the limited force of United States marines now available at Taku, Pekin or even Manila will be required and the administration is not disposed to go beyond that limit.

Washington, June 12.—The cabinet meeting today was attended by Secretaries Hay, Hitchcock, Long and Gage and Postmaster General Smith. It was devoted largely to a discussion of the Chinese situation. Secretary Hay laid before the cabinet advices from some of the consular officers in China which indicated that the situation is very critical. Secretary Long had no late dispatches. Steps that have been taken to re-enforce Admiral Kempff were gone over and it was decided to stand by the policy which has been entered upon of pushing measures for the protection of the lives and property of American citizens and of acting independently as far as possible. It may be that in the accomplishment of this result the forces of the powers will have to act in unison for the protection of all foreign residents in the disturbed districts, but this is to be the extent of the American activity. It is to be confined solely to the protection and safeguarding of our own interests and those of our citizens. The Chinese government will be looked to, under the general laws of the comity of nations, to restore order and to make such reparation as is proper. From all political schemes in which any of the powers may become involved the United States is to hold aloof. This is the general policy heretofore outlined and it will be adhered to.

The navy department has cabled directly to Rear Admiral Kempff at Taku to inform him that marine reinforcements have been ordered to him from Manila. Thus the admiral will be in a position to act with greater freedom in sending relief expeditions to Pekin and elsewhere, knowing that he will soon be able to replace the marines diverted from Taku.

WERE NEAR CONFLICT.

Victoria, B. C., June 12.—The steamer Queen Adelaide, from the orient, brings a story that six weeks ago Japan and Russia were close to war over the landing of a Japanese trader, whose removal was requested by Russia at Masamp. War was said to have been averted by the refusal of Great Britain to act with Japan. Advices from Shanghai tell of the murder of the Chinese general, Yang Loh, while parleying with the boxers near Ting Fu. He was cut down from behind.

The French consul at Yarran has been found to be supplying arms to the rebels in south China and the Chinese government has asked for his removal.

STIRRING NEWS EXPECTED.

New York, June 12.—Nothing is known as yet of the resolutions which impelled Capt. B. H. McCalla to go ashore at Tien Tsin personally, instead of placing the little force of Americans under the command of a subordinate officer, says the Washington correspondent of the Times. A high official of the navy department took the view that the situation was so serious that Admiral Kempff considered it advisable to have the best officer on his ship ashore instead of keeping him on the Newark.

"Captain McCalla is a cool headed and able officer," said the official who advanced this opinion, "and Admiral Kempff very likely thought that the situation called for all the brains, ability and experience that could be secured. It is unusual to send the captain of a ship ashore, but Admiral Kempff is the judge of the needs of the situation. In my opinion we shall have some very stirring news from China before the week is out."

MANIAC TRIES TO KILL JUDGE

POLICE AVERT A TRAGEDY IN INDIANAPOLIS COURT.

George W. Bennett Drew a Revolver on Judge Alford and Then Turned on Prosecutor Pugh.

Indianapolis, Ind., June 12.—An escaped murderer and lunatic today attempted to take the life of Fremont Alford, criminal judge of this county, and Prosecutor Edwin B. Pugh. The would-be assassin was George W. Bennett, who had escaped from the hospital for the insane. Bennett stole up behind Judge Alford shortly after court convened and was about to fire a revolver at the judge's head when Prosecutor Pugh appeared and Bennett turned on him. A policeman caught the fall of the revolver's hammer and overpowered the maniac.

Bennett killed two men at Lafayette in 1889, was sent to prison and afterwards transferred to the insane asylum.

THE JAPS CAME BACK.

San Francisco, June 12.—The Examiner asserts that of a band of thirty-two Japanese immigrants who were recently deported on the steamer Thyra at least four, and possibly twenty, are already back in this state. One of them has been identified and is now in custody. The men are supposed to have left the Thyra at Portland or Astoria, where the vessel touched, but the northern customs officers declare that such could not have been the case.

PLAGUE CASES.

Cairo, June 12.—Out of a total of seventy-five plague cases since the outbreak of the disease here, thirty-four of them have resulted fatally.

'TIS NOT FOR TEDDY

HE WILL NOT ACCEPT THE VICE PRESIDENCY.

JUST AS POSITIVE AS EVER

PROMINENT REPUBLICANS SEE THE PRESIDENT.

THEN GO TO PHILADELPHIA

SCOTT, OF CALIFORNIA, IS A POSSIBILITY.

Albany, N. Y., June 12.—Governor Roosevelt today again reiterated his former statement relative to accepting the vice presidential nomination on the republican national ticket, which he absolutely declined. "I have nothing further to add," said he, "to what I have already said. My decision is irrevocable."

PRESIDENT'S CALLERS.

Washington, June 12.—The president had quite a number of prominent callers today before the cabinet meeting. They included Senator Hanna, chairman of the republican national committee; Senator Allison, of Iowa; Senator Fairbanks, of Indiana; Senator Penrose, of Pennsylvania, and Thomas K. Lowery, of Minnesota, one of the delegates-at-large from his state to the Philadelphia convention. Senator Hanna goes to Philadelphia tomorrow to attend the first meeting of the subcommittee of the republican national executive committee. He probably will see the president again before his departure. Senator Fairbanks goes to Ohio tonight to deliver an address to the graduating class of the Ohio Wesleyan university and will not reach Philadelphia until Saturday. Senator Allison also expects to arrive on that day. Mr. Lowery, who is pushing Senator Washburn, of his state for the vice presidency, continued his journey to Philadelphia today. Although the gossip around the white house in connection with the president's callers centered particularly about the vice presidential nomination, the senators who conferred with Mr. McKinley were reticent, concurring only in the statement that the situation had not crystallized.

"No one can say with positiveness who the nominee for vice president will be," said one of the senators, after he had left the white house. "Things are shaping some, but the problem is a difficult one to solve. I think the republican leaders as a rule are of the opinion that the nomination should go east so as to secure a geographically balanced ticket. Secretary Long would make an admirable candidate, but his state is safely republican and his nomination would avail little from a strategetical standpoint. Most republicans, I think, would prefer to see the nominee chosen from New York, but there are difficulties in the way. Governor Roosevelt's attitude prevents a natural striction. If Cornelius N. Bliss would accept the nomination I think the problem would be solved. He is being urged to permit his name to go before the convention, but he has thus far declined, and I am afraid he can not be induced to alter his position. He retired to private life from choice for domestic reasons and nothing, I fear, will induce him to re-eter politics."

CALIFORNIA'S CANDIDATE.

San Francisco, June 12.—Mention of Irving M. Scott as a candidate for the vice-presidential nomination on the republican ticket has aroused interest in California. Owing to the fact that several of the members of the state delegation are already in the east, no general expression of opinion could be secured. It is stated that the delegates from the Third congressional district have been instructed to support Secretary of the Navy Long for vice-president, but delegates from other districts had no hesitancy in saying that the California delegation should support a Californian if the name of a candidate from this state is presented to the convention.

The members of the delegation to the national convention who had not already gone east started for Philadelphia today. They expect to arrive there Saturday night. The party occupied two Pullmans, which were handsomely decorated.

What a Heap of Happiness it Would Bring to Fort Wayne Homes.

Hard to do housework with an aching back.

Hours of misery at leisure or at work.

If women only knew the cause.

Backache pains come from sick kidneys.

Doan's Kidney Pills will cure it.

Fort Wayne people endorse this.

Mrs. E. L. Vauris, of 58 West Fifth street, says: "I had backache and a soreness across the small of my back which bothered me to stoop, and I had other symptoms of kidney complaint, which were very bad and which left no doubt as to the nature of my trouble. Doan's Kidney Pills, sold at Meyer Bros. & Co.'s drug store, took right hold and proved beneficial from the very start. It was not many days before all the symptoms disappeared. I keep this remedy in the house all the time so as to be sure and have it handy if I should ever feel a return of the trouble."

THE COURT NEWS.

M'LEISH AND BUSBY ARE BOUND OVER.

BOND IS FIXED AT $600 EACH

VIOLATERS OF FISH LAW ARE IN TROUBLE.

SEVEN MEN HAVE BEEN FINED

NEWS GATHERED IN ONE DAY IN THE COURTS

After a hearing this morning Justice France bound Oat McLeish and Harry Busby over to the circuit court on a charge of larceny and obtaining goods under false pretenses. Neither could give the $600 bond required and both were taken back to jail.

The men were arrested some time ago by Sheriff Melching and Officer Borgman upon the complaint of Henry and Charles Whitemire, who say the pair bunkoed them out of a horse near New Haven. The Whitemires were traveling overland from Pennsylvania to Wyoming. In court this morning both prisoners entered a plea of not guilty, but when Prosecutor Emrick began questioning Busby he became tangled, withdrew his plea of not guilty and told a straight story. McLeish has evidently had a wider experience in devious ways and Prosecutor Emrick says an officer has recognized him as a man who once worked the green goods racket at Marion.

AFTER THE FISHERMEN.

Oscar Welty, deputy fish commissioner, has been in the city several days investigating violations of the fish laws, and a large assortment of seines are now stored in Justice France's office as the result of a number of raids. Seven men have already pleaded guilty and paid fines, and still others are to follow.

FOR ASSAULT AND BATTERY.

Emil and George Wehrmeister were arrested this morning by Constable Ford upon a charge of assault and battery preferred by Paul Miller. The trouble occurred Saturday evening in a barber shop on East Creighton avenue and Miller avers that he was knocked down with a spittoon and otherwise maltreated. The defendants are on trial this afternoon before Justice France.

COURT NEWS.

The Alcatraz Construction company has filed affidavits against Edward P. Williams, Henry M. Williams and Meade C. Williams in the superior court. The cases come up for hearing on the 23rd.

In the superior court Alphonse Marx enters suit against Abe and Isaac Weil to recover money due on account. Breen & Morris are attorneys.

The Keeley Brewing company has entered suit against William Hock to recover money due on a note. J. E. K. France is attorney.

Julius Remus has entered suit against David Brundage on a foreclosure lien. Bell & Doughman are attorneys.

Caroline Gladbach has entered a suit against Ed Noweck for $2,000 damages. The attorneys for the plaintiff are W. and E. Leonard.

In the circuit court this afternoon the case of Louis F. Curdes vs. John Henry Rahe is being heard before Judge O'Rourke. Plaintiff sues to recover fees on the sale of some real estate for defendant.

GONE TO KANSAS CITY.

Indianapolis June 12.—Chairman Martin and Secretary Hawkins, of the democratic state committee, left Indianapolis yestrday afternoon for Kansas City, where they go to prepare accommodation for the citizens of this state who may accompany the Indiana delegation to the national convention July 4. It is understood that rooms have been engaged at the Coates house for the delegates, but that there will not be room enough at that hotel to accommodate any outsiders who may go with the delegation from this state. Messrs. Martin and Hawkins will also arrange for the entertainment of the Indiana democrats who attend the convention. They will return the latter part of the week.

There will be a meeting of the state committee some time before the convention, when final arrangements for the convention will be made. Some one will be selected at this meeting to have charge of the headquarters at Kansas City.

THE ST. LOUIS STRIKE.

St. Louis, June 12.—All the divisions and lines of the St. Louis Transit company were in operation today, but only a portion of the regular number of cars were running. The experiment of sending out cars over some of the lines without police guards having worked satisfactorily yesterday that plan was carried out today on several of the divisions. Owing to the mayor's proclamation there was comparatively little trouble during the morning, the injunction forbidding the use of explosives or fire arms and warning those having no business on the streets to keep off apparently had a good effect. Both the strikers and the authorities are preparing statements and making up lists of witnesses to be heard at the cornoner's inquiry which tomorrow will endeavor to settle the responsibility for Sunday's killings.

FISHERMEN WILL MEET.

There will be a meeting of the fishermen of the city at Nimrod hall this evening, at which the present fish laws will be discussed and steps taken to prevent illegal fishing. A number of gentlemen will be present and make addresses upon the subject, with suggestions of desired changes in the fish laws.

ON A CANOE TRIP.

J. E. Macomber and W. E. Schroeder, of Toledo, were in the city last evening. They are enjoying an outing along the rivers and paddled down the St. Joe river from Stryker, Ohio, to this city. After remaining in Fort Wayne over night they left this morning in their canoe on the Maumee river for Toledo. This form of outing possesses the charm of novelty and the Toledo gentlemen appear to be enjoying it to the fullest extent.

MR. MULFORD WAS FIRST.

John C. Mulford, of Michigan avenue, is the first census enumerator in Allen County to complete his count and forward the reports to Supervisor Wood. Mulford finished the work last evening, and the papers went forward today. He was engaged just ten days in the canvass. It is probably others will follow him closely, as the count in the city must be completed this week.

ON A PRACTICE CRUISE

A letter to Andrew Michel, of 404 East Wayne street, brings the information that his son, William Michel, who is a naval cadet at Newport, R. I., will leave this week on the schoolship Monongahela for a six month's cruise to the West Indies and in European waters. There will be two hundred of the cadets make the trip, and on their return next fall it is expected they will be assigned to the war vessels.

LITOT-RONDOT.

At 8:30 o'clock at the Cathedral this morning occurred the marriage of Miss Mary Litot and Mr. Joseph Rondot, Very Rev. John Guendling officiating. Miss Josephine Litot was bridesmaid and Harry Rondot acted as best man. Quite a large number of the friends of the couple gathered at the church to witness the ceremony. After the ceremony the wedding party and a large number of guests partook of an elaborate wedding dinner at the home of Mr. and Mrs. Rondot, on Summit street.

IT STAYS AT FOURTH STREET

NORTH SIDE CROSSING MATTER IS DECIDED.

Board of Works and Street Committee Considered Petitions—Other Notes.

At a joint meeting held last evening the board of public works and the council committee on streets and alleys decided that the new crossing established over the Lake Shore railroad tracks at Fourth street should be maintained permanently. The report which will be made to the city council this evening will declare in favor of locating a crossing at Third street as soon as a bridge is built across the St. Mary's river at Calhoun street, but that under no circumstances shall the crossing at Fourth street be given up, now or in the future.

There were two petitions under consideration. One document bearing eighty-three signatures asked that the crossing be located at Third street, while another with 628 signatures favored the retaining of the Fourth street crossing.

BOARD OF WORKS.

The Maumee Valley Traction company has filed with the board of works its petition for an electric railway franchise over certain streets in the city of Fort Wayne, as detailed in The Sentinel last evening. It is expressly stated that the said road shall be a part of a road running from New Haven to Fort Wayne. The petitioners egree to lay tracks and erect poles in such manner as will least interfere with public and private rights, and further agree to keep all streets occupied in good condition, and to pave the space between the rails and for a space of eight inches on the outer side of each rail, with whatever material the rest of the streets may be paved with.

Aaron Greensfelder and others petitioned to have an electric light placed at the south line of Garden street.

The board of works ratified a contract and franchise with the Fort Wayne District Telegraph and Parcel company and the matter now goes to the city council. The franchise allows the company to erect poles and strong wires on the territory it now occupies without a legal right, and provides that during the five years beginning January 1 next the company shall pay into the city treasury 2 per cent. of its gross receipts, and 3 per cent. thereafter.

WILL RAISE QUARANTINE.

San Francisco, June 12.—The board of health has decided to raise the quarantine of Chinatown twenty days from the verification of the last case of plague, which was on June 2. If another case is found, however, the quarantine will not be lifted until twenty days from the date of such discovery. Wing Ti, a Chinese undertaker, last night had three coffins shipped in through the lines, and so doing incurred the displeasure of several hundred of his Chinese brethren. They demanded to know what use he had for coffins when no one died, and not being able to explain to their satisfaction, he was mobbed. The front of his shop was battered in with stones and clubs and he was chased to hiding. It then required the efforts of a strong force of police to club the riotous Chinese into submission. "There are about 14,000 people in Chinatown," said one of the company's officers last night. "Of this number at least four thousand are penniless and without food except what is supplied by the merchants and the six companies." Many of the Chinese merchants, at a meeting held during the week, decided to pay no bills or rent during the blockade.

GETS JOB BYNUM WANTED.

New York, June 12—A special to the Herald from Washington says: Representative Marion DeVries, of California, has been appointed to fill the vacancy on the board of general appraisers at New York, caused by the failure of the senate to confirm the appointment of former Representative W. D. Bynum, of Indiana. Though Mr. DeVries is appointed as a democrat, it is said his selection was largely due to the influence of prominent republican politicians, including Senator Hanna, Representative Babcock, chairman of the congressional committee, and Representative Dick.

CARNIVAL OF INDIANA ELKS.

Marion, Ind., June 12.—The carnival of the Elks of Indiana opened yesterday with a parade of the midway shows and an industrial demonstration. The midway attractions included the Porto Rican and Mexican theater, streets of all nations, streets of India, driven Elks, streets of Cairo, with La Belle Rosa and her troupe of oriental dancing girls, camels, donkeys and elephants. Other attractions were a horse show, German village and trained wild animals. Arrangements have been made by the Elks and other citizens to entertain 100,000 people.

Today is the first day of the Elks' state meeting, tomorrow the Elks' parade, in which all Elk lodges of the state will participate, and prizes will be given to lodges having the largest number of their membership in the line of march. Thursday will be labor day, Friday Mardi Gras day and Saturday agricultural day.

WILL BE HELD ON WEDNESDAY

THE FUNERAL SERVICES FOR EX-MAYOR SHARP.

To Be Conducted at the Residence at 3 O'clock—other Mortuary Matters.

Funeral services for ex-Mayor Henry Sharp will be held tomorrow afternoon at 3 o'clock from his late residence, 25 Jackson street. Rev. Dr. Moffat, of the First Presbyterian church, will officiate, and the pall-bearers are made up from the official boards of the church with which Mr. Sharp was affiliated for so many years. They are Henry Hoffman, E. H. McDonald, James McKay, T. M. Lloyd, William Griffith and W. D. Page. The Haydn quartet will render the musical service, and the remains of the pioneer citizen will be laid to rest at Lindenwood.

KENNERD.

The remains of Garrison Kennerd who died Saturday morning at Rector, Ark., were interred at Lindenwood cemetery this afternoon. The body arrived last evening in charge of a son-in-law, who formerly resided in this city. Mr. Kennern was 93 years of age, and his family is buried at Lindenwood, though they were never residents of Fort Wayne.

SCHULTZ.

Mary Schultz, the infant daughter of Mr. and Mrs. Frederick Schultz, of 50 John street, died this morning from exhaustion at the age of 1 day.

The funeral will be held tomorrow morning, interment at Concordia.

FUNERAL ANNOUNCEMENT.

Klotz.—Funeral services of Mrs. Frank G. Klotz will be held Wednesday morning at 8:30 from the residence, 336 South Harrison street, and at 9 o'clock from St. Patrick's Catholic church.

BRICKLAYERS' STRIKE.

Chicago, June 12.—The bricklayers employed by the city in the construction of the intercepting sewer system, the building of electrical conduits and other improvements going on in various parts of the city were called out by their union today, the result being the almost complete stoppage of the work on public improvements, leaving miles of streets torn up for the sewer and conduit systems in an almost impassable condition. The trouble is said to have arisen over the letting of a minor contract to a contractor who is persona non-grata with the union.

Three Meals a Day.

How many years of her life does a woman spend over the hot cook stove getting those three meals a day? Backaching, head throbbing, nerves twitching, it's all the same, there are three meals a day to be prepared. Dr. Pierce's Favorite Prescription cannot lighten woman's labor, but it can and does increase her strength. It cures those diseases of the womanly organs which undermine woman's vitality.

Dr. Pierce's Pleasant Pellets do not react upon the system. They are a great thing to keep in the house. One Pellet is a laxative, two a cathartic dose. The medicine for every woman.

EATS ANYTHING

Since Leaving Off Coffee.

"I wish to give my experience with coffee for the benefit of other people. I used coffee for several years and was a terrible sufferer from dyspepsia. The doctor told me not to use coffee or tea and put me on a light diet, and I felt better.

"Then I commenced to drink coffee again and had the same trouble come on.

"One day I told a friend about it, who said if I would stop drinking coffee altogether I would feel better, and advised me to use Postum Food Coffee in its place.

"I tried the Postum but did not like it, so I told him about it and he said I didn't cook it right, that is, didn't boil it enough and that I should use cream instead of milk, and to make sure I would use it, he sent a package to the house.

"After I used that package I would have no more coffee in the house. Now I don't know what it is to have dyspepsia and I can eat anything. I also give Postum to my two children and they are the healthiest children you could find anywhere. The youngest is a boy 13 months old and we have been giving him Postum for seven months, three times a day. He weighs 30 pounds, and I know that Postum is what keeps both of them so healthy.

"I think all people who have dyspepsia get it from coffee drinking.

"Yours truly, Mrs. Jno. Stringer, 20 S. Florida Ave., Atlantic City, N. J.

GILT-EDGED BAND.

Superb Musicians Play for the Combined Forepaugh-Sells Show.

Music supplies a theme that is exhaustless. There is no one who is insensible to the charms of a good military band. It will be good news to all who love music to learn that the band with the Adam Forepaugh and Sells Brothers' show is under the leadership of the famous one-time leader of the Marine band at Washington, Professor William Merrick. Like all the features of the great consolidation, this band is upon an enormous and high-class scale, and numbers no less than forty gilt-edged musicians. This splendid musical organization gives a fine concert for forty-five minutes before the circus program begins. It is a great and gratuitous feature of these greatest of all shows that are now exhibiting under the same tents for a single admission ticket.

Three herds of elephants: the world-famous Adam Forepaugh herd of monster dancing elephants, the largest and best trained in the world; the Sells Brothers' gigantic herd, which ranks next to the Forepaugh, and Professor Dockrill's herd of pigmy pachyderms, the tiniest, cutest and funniest little elephants in the world. In these wonderful exhibitions of the triumph of man over the animal kingdom there is something to interest and instruct both old and young, and they should most certainly be seen by everybody. Thursday, June 21, will signalize the advent of the big federated circuses in this city.

Congress having adjourned, President McKinley will be able to brace himself for the surprise when the Philadelphia convention nominates him next week.

Senator Gorman is understood not to have made up his mind as to his preferences for a democratic candidate; but it is hoped that he will be able to reach a conclusion during the Kansas City proceedings.

When Colonel Bacon, of New York refers to Governor Roosevelt as "a ... and a quitter in Cuba, and a ... word and a moral assassin at home," there appears to be an ample supply of strenuous life for the governor without going to the Philippines for it.

In New York the public agitation has compelled the ice trust to reduce the price from sixty cents to forty cents per 100 pounds. The reduction in price cannot save the reputation of the mayor or the New York ..., though it may partly placate public opinion, which is a terrible thing when aroused.

Ambassador Choate, at the banquet ... Sir Henry Irving on Saturday ... poked some fun at John Bull ... the Spanish fleet was destroyed by Dewey in Manila and another by Schley in Santiago, the ... Englishman affected the belief that the fears were of no extraordinary character, and expressed no ... wonder that Americans should ... ecstasies over them. With ... next Mr. Choate humorously ... John Bull anent the paroxysms of exultation which the relief of Ladysmith and the capture of ... had called forth from the ... End to John O'Groat's. Of ... the astute diplomat did not ... John Bull, as he might have ... that there was really nothing ... in either of those feats. ... might have pointed out that for ... weary months an army of 10,000 was cooped up in Ladysmith by ... that rarely exceeded 3,000 ... that Cronje, with only 3,700 men ... guns, holding Roberts and his ... 70,000 men at bay for three ... was an achievement of which the Boers and not the British should feel proud.

It will be recalled that great indignation was aroused in this country over the murder in a Cuban jail three years ago of Dr. Ricardo Ruiz, a naturalized American citizen, by the cruelty of the Spanish authorities. His wife and children were brought to the United States and on behalf of Mrs. Ruiz a claim was filed against Spain for $50,000 damages, our government contending on advice of Consul General Lee that this sum was quite reasonable under the circumstances. But in the peace treaty between Spain and the United States each country agreed to assume the claims of its own citizens for damages, and it has been discovered that Mrs. Ruiz did not suffer nearly as much as was supposed at the time. The United States proposes to pay her not $50,000 but $5,000 for the murder of her husband. Mrs. Ruiz has been particularly unfortunate since her departure from Cuba under such distressing circumstances, having been compelled by poverty to place three of her children in the care of others, and one of those now with her is in a serious condition from an accident. By sewing and other employment she has earned a precarious living. The action of the United States, therefore, in making such a heavy reduction in a claim so appealing is likely to lead Spain to make sarcastic remarks about it making a difference whose ox is gored. This treatment of a claim of one of its own citizens that it formerly approved is a sorry exhibition of parsimony when millions are being poured out for other purposes.

Tonight the city council will undertake the duty of selecting a member of the city school board to succeed Dr. A. J. Boswell. The council should address itself to this task with but one purpose in view—the election of a man who will best serve the highest interests of the public schools. The office is peculiar. It is not one of high emoluments. The pay is incommensurate with the work performed and the time devoted to public service. But, it is a question of considerable distinction and may be made one of high honor. Its duties are exacting and of vital concern and relationship to the public welfare. The man chosen for such position ought to be thoroughly fit for it. No man has any "claim" on such an office. It ought to be the last public position to be bestowed as a political reward. Party service, time serving, or previous experience in office-holding ought to weigh nothing in considering material for the school trusteeship. High character, fitness and thorough sympathy with the public school system are prerequisite to capable and acceptable service on the school board. No man not in touch with the public aspiration for the schools ought to be chosen. When the right man is found he should be pledged in such manner as not to leave loophole for escape to devote interest on school funds to the public library and render a faithful accounting to the council and to the public. The public will never again be patient with a mountebank's juggling with a barren technicality.

Anxiety in England over the fate of these titled Britons now held captives by the Boers seems unreasonable on this side. Some excuse for the feeling may be found, however, in the utterance of such papers as the South African Review, the organ in London of the financial interests in the war, which humanely suggests that the hanging of President Steyn, of the Orange Free State, "would not, in many quarters, be considered an excess of retributive justice."

HOPE FOR SETTLEMENT.

Chicago, June 12.—Bankers, capitalists, real estate men and a host of others whose welfare depends more or less on building activity in Chicago, to say nothing of thousands of workingmen, today expressed the hope that the meeting of contractors and trades union representatives scheduled for this afternoon will result in a settlement of the labor difficulties.

A LIFE AND DEATH FIGHT.

Mr. W. A. Hines, of Manchester, Ia., writing of his almost miraculous escape from death, says: "Exposure after measles induced serious lung trouble, which ended in consumption. I had frequent hemorrhages and coughed night and day. All my doctors said I must soon die. Then I began to use Dr. King's New Discovery which wholly cured me. Hundreds have used it on my advice and all say it never fails to cure Throat, Chest and Lung troubles." Regular size 50c and $1.00. Trial bottles free at Dreier Bros.' drug store.

CONFEDERATE SPY IS DEAD

BELLE BOYD PASSED AWAY IN WISCONSIN.

Was on Lecture Tour When Stricken With Heart Disease—An Exciting Career.

Kilbourne, Wis., June 12.—Belle Boyd, the famous spy of confederate fame, died suddenly of heart disease here last night, aged 57 years. She had come here to lecture.

"Belle Boyd," Mrs. Nat R. High, was a native of Martinsville, Va. (now West Virginia), where her father, Benjamin Reid Boyd, joined the first "Stonewall Jackson Brigade" and where, in 1862, she first risked her life to aid her father's general. She had just finished her schooling at Mount Washington, near Baltimore, when the civil war began. The night before the first battle of Front Royal, Virginia, May 23, 1862, Belle Boyd rode fifty-four miles to carry dispatches to General Stonewall Jackson, and becoming possessed of more information of great value, she ran across the great battlefield to deliver it to Jackson. So grateful was Stonewall Jackson for this act that during the lull in the battle he sent her an autograph note of thanks. Not long after the battle she was captured and taken to the old Capital prison at Washington, where after a few months' stay she was exchanged for Colonel Corcoran, late general of the Irish brigade. On her return to Richmond she was adopted as the child of the army and given a captain's commission in the confederate army. In May, 1864, after passing through many perils, she was directed by Jefferson Davis to run the blockade with important papers. She sailed from Wilmington, N. C., on the Greyhound on the 8th of May, but was captured after the steamer passed Fort Fisher and was taken to Boston, tried and sentenced to be shot. President Lincoln commuted the sentence to banishment, and she finally arrived in Europe and delivered the dispatches. She did not return to America until after Lincoln's death and President Andrew Johnson had issued his amnesty proclamation.

After her return she married Capt. N. R. High, whom she met in the confederate service. They had two daughters.

OFFICE OF HIGH IMPORTANCE.

[Lafayette Sunday Journal.]

The Sunday Journal has no sentiment in the matter (of electing a member of the school board) beyond the selection of a good man. And for that reason, there is no politics in the matter at all. It is simply a question of serving the public.

No matter who the men suggested may be, no matter to what party they may belong, no matter how greatly or how little useful they or any of them may be to any political party, there is but one question to ask: Is he the right man for the place? That question, answered in the affirmative, leaves all other questions as needless verbiage, and it matters not what the answer to them may be.

The public schools are a little nearer the home than any other interest presented to the public. The fire department, the street service, the garbage collectors, the police force—even the health department, all are matters of vital interest. But the men who compose the school board should be men of the highest character and the greatest efficiency.

Of course they should be men of unimpeachable private character. It would be madness to select for such an office a man who gets drunk. That goes without saying. No body of men having the choice entrusted to them would think of naming such a man for member of school board.

He could not by any, even the wildest, stretch of imagination, be a man addicted to gambling. The demands, the sacred interests of the office, are such that no man tainted with that vice could expect the place, and no body of men in whose hands the selection of a trustee might be placed could think of chosing such a man.

These things need but be mentioned to command instant acquiescence.

Aside from that, the man to be chosen should be a man of affairs, preferably of property, possessed of some lines of scholastic interests, and understanding somewhat of the necessities of the public schools. He should not be a politician, nor one likely to use the place for providing his friends with situations, nor inclined to use his influence in "taking care" of them.

It would be a good thing if he might be a man of family, whose actual experiences would give him the needed touch of real experience in his work. But these are minor matters. A moral man, capable and intelligent, is really the only desideratum. And there are plenty of them.

The schools of Indiana stand very high among the educational provisions of the nation. The have always enjoyed this distinction. The city of Lafayette, standing among the leaders in municipalities, can have nothing less than the highest and most thoughtful consideration. And actions of that kind will receive the prompt support of the people.

TRADES AND LABOR COUNCIL PASSES RESOLUTIONS.

Labor Day Committee Will Meet Wednesday Evening—Business of the Session.

The Trades and Labor council last evening adopted the following resolutions:

"Resolved, That the Trades and Labor council believes that the best interests of the city demand that the charter asked for by the Indiana and Ohio Traction company should be granted by the city council of the city of Fort Wayne; and be it farther

"Resolved, That the president and secretary of this council, under the seal, transmit these resolutions to the city council at its meeting Tuesday evening, June 12, 1900, as expressing the sense of organized labor of Fort Wayne, Ind."

The council voted unanimously to sustain the Fort Wayne Musicians' union in its contention against the City band, and the cause of the clerks' union against Louis Fortreide was also endorsed. A special committee was instructed to aid the clerks in every way possible.

The arbitration committee reported that the difficulty between the lathers' union and T. Brockman had been amicably adjusted. The sum of $10 was voted to aid the textile workers of Jamestown, N. Y., in their strike.

M. J. O'Brien was appointed a member of the arbitration committee to succeed Barney Hankens, resigned.

Active preparations for the proper celebration of Labor day will begin on Wednesday evening, when the Labor day committee will hold its first business meeting. The Knights of Labor, who have an option on Swinney park for this purpose, have announced their willingness to turn the park over to the council and the celebration will be held there.

PROD THE POLICE.

ANTI-SALOON LEAGUE AT WORK IN TERRE HAUTE.

ENFORCEMENT OF LAW IS LAX

DESPERATE ENCOUNTER NEAR ELKHART.

ONE DEATH MAY BE RESULT

NEWS GATHERED IN THE HOOSIER STATE.

Terre Haute, Ind., June 12.—The Anti-saloon league is again after the police department for failure to enforse the saloon-closing law. The league officials asked the board to conduct an inquiry as to the dereliction of policemen who failed to enforce the law. The commissioners wanted the league to make specific charges against policemen, and this the league would not do, insisting that the duty was upon the board to inquire if the law was being violated, as the league pointed out, and that fact being established, the burden of preferring charges against certain policemen was upon the heads of the department. The league seemed to be of the impression that the individual policemen were not so much to blame as those higher in authority.

When Governor Mount wrote his premptory order to the police commissioners to enforce the law the policemen were instructed accordingly, and for a time there was compliance. Gradually the enforcement became lax, and lately, the league officials say, there is just as free opportunity to buy liquor at illegal hours as in the old time, the only difference being that the place of sale is not at the public bar, but in side rooms or up stairs.

DIFFERENCE OF A CIPHER.

Mishawaka, Ind., June 12.—Jonathan W. Fancher, of Davis Station, south of here, is made beneficiary in the will of his deceased brother, a wealthy miner at Merced, Cal. The will, now probated, shows assets of $7,000,000. Indiana Fancher is one of five designated heirs, receiving nearly $1,500,000. Last week's official notification made his legacy $150,000. It is now shown to have contained an error, one cipher having been omitted in the documents forwarded by the California attorneys.

STARVED UNTIL HE DIED.

Kokomo, Ind., June 12.—Nathan Hollowell, a hermit on the banks of the Lower Wildcat, near New London, is dead of self-imposed starvation. For years Nathan and William Hollowell, brothers, aged and grizzled, lived separate from the world, never meeting their fellow men when they could avoid it. Some weeks ago the brothers decided to quit eating, under the belief that it was a bad habit and unnecessary. As a result Nathan is dead. William has renounced the fatal theory.

ON TRIAL FOR ABDUCTION.

Peru, Ind., June 12.—With a courtroom crowded with men and women the trial of Frank Rannals, alias Ray Jones, the abductor of Miss Nellie Berger, was begun yesterday. Last July Jones drove away with Miss Berger from her home north of this city under pretense of going to a relative, but instead, it is claimed, he took the girl off and kept her for weeks, threatening her with death repeatedly. They were finally found in southern Indiana. For a long time it was feared Jones would be lynched, and an armed guard was constantly maintained. The excitement died out and no special guard is now kept, even during the trial. Jones is charged with kidnapping and also with criminal assault, and the latter case has been called first. Miss Berger has been an invalid since her experience, and will have to be brought into court on a reclining chair when it comes time for her testimony.

WABASH MAN IN CHARGE.

Wabash, Ind., June 12.—John C. Eastman, manager of the Wabash Times from 1883 to 1887, will have the management of the new Chicago evening paper to be established by William R. Hearst, of the New York Journal. Mr. Eastman, after leaving this city, went to the Chicago Chronicle and afterwards to the advertising department of Hearst's New York paper. The Chicago venture will make its first appearance July 2.

TWO MONUMENTS UNVEILED.

Elkhart, Ind., June 12.—The Woodmen of the World unveiled two monuments to their dead in this city Sunday and two thousands Woodmen attended. Goshen, Milwaukee and South Bend sent the largest delegations. Hon. Wilson Roose, of Goshen, was the orator.

WILLIAM BOWEN DISAPPEARS.

Marion, Ind., June 12.—William Bowen, a well-known young man of Upland, has disappeared. A few weeks ago a grave charge was preferred against him by Miss Sallie Hillman, of Upland, and he was arrested. He married her, but deeded all of his property over to his brother. June 3 he took his wife on an excursion to Cincinnati, where the two went to view the spot where Pearl Bryan's body was found. In returning to the city he eluded her, and she has never seen or heard of him since.

RIVAL HAD AN INNINGS.

Logansport, Ind., June 12.—George Gittingr, of Monticello, while visiting a young woman at Delphi and walking along the street, was assailed with a brick, which was broken over his head by a rival suitor. Gittings was unconscious for half an hour.

A FLOW OF POCKET GAS.

Laporte, Ind., June 12.—Well diggers on the Mott farm, in the northern part of this county, have struck a flow of gas at a depth of about seventy-five feet. The gas burns to a height of about fifteen feet.

BIG REVENUE FROM ELOPERS.

New Albany, Ind., June 12. County Clerk Frank Carr, of Clark county, in a report to the county commissioners, shows that he received $724 for marriage licenses during the last quarter, or, in other words, that 362 licenses were issued by him, at least 90 per cent. being to eloping couples. The salary of the clerk is $225 per month, and the revenue derived from this source alone is more than enough to pay his entire salary. Forty-five couples who were attending the recent reunion of the confederate veterans in Louisville eloped to Jeffersonville, Ind., where they were married. Magistrate John House, the most famous of the state's matrimonial squires, has married 5,000 elopers since assuming office.

RINKER WILL RECOVER.

Marion, Ind., June 12.—Physicians now agree that John Rinker, who shot and killed his wife Saturday morning and attempted to take his own life, will recover, but he will probably be blind for life. The left eye has been ruined. He will be held for murder and arraigned as soon as he sufficiently recovers. A postmortem examination of Mrs. Rinker's body shows that three bullets had passed through her left breast, all of them near the heart, and one through the left hand.

FOUR FACTORIES CLOSED.

Marion, Ind., June 12. Wilson & McCulloch, the fruit jar manufacturers of this city, have closed their two factories in Fairmount, one in this city and one at Converse. The firm uses blowing machines in all its factories, and the extreme heat of late has made it almost impossible to secure men to operate them. Rather than have part of its plants idle, the firm decided to suspend operations for this season. About 1,000 people are idle.

During the summer all necessary repairs will be made to the factories and the firm assures its employes that an early start will be made this fall.

A TERROR JAILED.

Elkhart, Ind., June 12.—There was a terrible fight near this city last Saturday night, which may result fatally to Henry Livengood and the permanent crippling of Constable William Dwight, formerly police chief of this city. Livengood has been placed in jail and his condition is serious. Constable Dwight is at home, with three ugly gashes on his left arm, cut to the bone, and his head gashed and bruised by the vengeful Livengood and his mother, the last named seventy years old. Livengood has been "queer" for several years, and while he has not been officially restrained, he has been a terror to the neighborhood because of his outbreaks of temper.

Recently the county commissioners ordered the road passing the Livengood farm to be widened and the supervisor set the Livengood fence back ten feet. Livengood replaced it in its old position and the supervisor again moved it. A second time Livengood rammed the fence to its old position and on Saturday proceedings were instituted against him. Constable Dwight realized that it was a dangerous task to serve the process and he deputized Anthony Myers to assist him. They arrived at the Livengood home at dusk and they were warned by neighbors en route that Livengood had a four-tined pitchfork at the front door and an ax at the rear. Myers took the front and Dwight the rear, and as Myers announced his coming the aged mother of Livengood threw a bucket of hot water in his face.

At the same instant Livengood attacked Dwight with the ax and was disarmed. He then grabbed a hoe and again attacked the constable, striking him several times and knocking him down. Dwight then used his revolver, firing three shots, and intentionally missing the man, hopeful of frightening him. A fourth shot was then fired, striking Livengood in the left eye, and while the latter still manifested a disposition to renew the attack, Dwight regained his feet and knocked him down. While he was securing his man Livengood's mother rushed out and kicked Dwight in the face and on the head.

FATAL SHOOTING.

Rushville, Ind., June 12.—Charles Oster last night shot and mortally wounded Albert Burkett, a colored hostler, at Riverside park. Oster had an old grudge against Burkett, the outgrowth of a quarrel some months ago. He met Burkett at Riverside park, and without exchanging words, turned and shot him in the abdomen. Burkett turned to get a pitchfork with which to defend himself and Oster then shot him in the back. Both bullets made dangerous wounds. Oster fled after the last shot and officers are scouring the country for him. His father, Philip Oster, is a well-to-do resident of this city.

THE MARKETS.

Chicago, June 12.—In excitement and volume of trade today a wheat market was the peer of recent sessions. The northwest drought was still the all-absorbing consideration. This territory was reported still without adequate rains and the crop damage reports were numerous and very pessimistic. The government report, too, was considered bullish, but it was a minor influence. July opened easy, 1c lower to unchanged, at 72½@72¼c and in fifteen minutes shot up to 74⅝c. The easiness at the opening was due to profit-taking and following the bulge longs again forced the price back, but the dip thus caused was followed by another rally to 74¾c. At this point the weather bureau prediction of showers in Minnesota and the Dakotas became an influence and July declined to 73¾c. Cables were not responsive to the advance here yesterday. Local receipts were 148 cars, 4 of contract grade. Minneapolis and Duluth reported 478 cars, against 554 last week and 601 a year ago.

Later rains were reported from Dakota and Minnesota, some of them said to be quite heavy. This caused selling under which July declined to 73@73⅛c. Near the end the market recovered partially, closing firm, July ¼c off at 73½c.

The corn market was strong early with wheat, but responded with great alacrity to the reaction in the big market, turning decidedly easy following the bulge. Trade was fairly large early and country offerings liberal. July opened a shade lower at 38⅛@38⅜c and sold up to 39¼@39⅜c, but reacted from that to 38⅛@38⅜c. Local receipts were 815 cars.

Corn closed firm, July ⅛@¼c improved at 38⅞@39c.

Oats were quite lost sight of in the wheat excitement. July opened unchanged at 22c, sold to 22¼c and then reacted to 21¾c. Local receipts were 409 cars.

The provisions market was weak. Hogs were lower at the yards, packers were sellers and the outside demand was slack. July pork opened 12½c lower at $11.62½ and sold off to $11.15; July lard opened 5c down at $6.77½@6.80, and July ribs 5@7½c depressed at $6.77½, declining to $6.70@6.72½.

THE CLOSE.

Prices at the close were as follows:

Wheat—June, 72½c; July, 73¾c; Aug., 74¼c.

Corn—June, 39⅞c; July, 38⅞@39c; Aug., 39¾c.

Oats—June, 21⅞c; July, 22⅛c; Aug., 21¾c.

Pork—June, $11.47½; July, $11.47½; Sept., $11.57½.

THE DAY ON WALL STREET.

New York, June 12.—London sent higher prices for Americans this morning and there was a general response at the opening here all along the line. The demand was not large and gains were small.

The opening rise in prices was not maintained, and the market yielded on a small volume of dealings. Steel stocks were very irregular. Tennessee Coal falling 1¾, while Republic Steel advanced 1. Third Avenue lost 2½ and Wheeling, Lake Erie first preferred jumped 2½. For the most part the market hung nearly stagnant at about last night's level.

Prices hardened in the second hour, but so slightly as to have little significance. St. Paul got up to 114 and Tennessee Coal recovered a point. A majority of stocks did not move at all.

Dealings in bonds were small and prices lower.

The Wheelings yesterday met with their first shut-out of the season and last evening Managers Healey and Lytle were very despondent. A quiet tip was given President Power to leave the city and he has acceded to the tip and is this afternoon watching the game in Dayton. The Inter State president saw the Wheelings play five games and four of the five were defeats. And each defeat was more overwhelming than the preceding one, until finally the Fort Waynes administered to the Stogies their first coat of whitewash.

There wasn't a time in the game yesterday when the visitors had a chance to win unless it was before Umpire Johnstone called time. Only twice during the nine innings did the Stogies attempt to cross the plate and each time the runner was nailed by a pretty throw, once by Krueger and again by Hollingsworth. Harper was very effective and kept the four hits made off his delivery well scattered, while Bates had one very bad inning.

Belden scored the first run in the fourth inning. Ira hit a hot one to Pequinney, who made a pretty stop and then fired the ball into the bleachers and when Tom Turner returned it to the diamond Belden was over the rubber.

In the sixth inning five runs were scored by the Hoosiers. "Doggie" Miller led off with a two-bagger and Belden sacrificed him to third. Babb's pretty single scored Miller. Hollingsworth shouldered his bat and in attempting to dodge a wild pitch made a Texas leaguer over Pequinney's head. Bergen was given a base on balls. Harper hit a little one down the first base line and Bates juggled it long enough for Babb and Hollingsworth to score and Harper was safe. Bergen and Harper advanced on Krueger's out from Bates to Turner and then Brashear sent the battery over the rubber with a single.

In the seventh Belden singled and scored on Lyons' error and Harper's single. The Fort Waynes made two singles in the ninth but no runs scored.

In the second inning Turner led off with a double and was sacrificed to third by Congalton. He attempted to score on Lytle's grounder to Krueger but was caught between third and home and finally touched out by Babb. Five Stogies were on bases in the fourth, but none of them scored. In the sixth Congalton reached first on Brashear's wild throw to Harper at first and before the ball was fielded was on third. He attempted to score on Lytle's fly to Hollingsworth and was doubled up at the plate. Score:

NOTES OF THE GAME.

James Jefferies will umpire the game to be played here next Monday between Fort Wayne and Columbus.

Gosse pitched a great game yesterday for Indianapolis, but was beaten by a score of 3 to 2. Only six hits were made off his delivery.

Cincinnati is surprising the knockers in the Queen City, the team having made a better showing than any western team on the eastern trip.

The Mansfield News is "roasting" Umpire Harry Colgan. The Hay Makers have been losing regularly, you know, and this explains the kick.

Tim Flood is playing a wonderful game on second for Cleveland. He has made only one error since joining the team. Yesterday he accepted nine chances, made a single and stole one base.

Belden made two sensational catches in left yesterday and saved a run or two. Belden is playing sensational ball this season and as a batter and fielder outclasses anything in the Inter State.

Manager Lytle ordered Poole to pitch today. He believes that if he can win today with his star twirler the Stogies may pull off the game tomorrow. Swaim is twirling for the Fort Waynes. Jones will pitch against the leaders tomorrow.

There were not less than 300 ladies at the game yesterday and the fair sex enjoyed the good plays and cheered the home team as much as the dyed in the wool fans. The selection of two days in the week as ladies' days was a wise move on the part of the local management.

President Power left for Dayton this morning and will visit Columbus before returning to Pittsburg. Mr. Power was well pleased with the attendance in Fort Wayne and expressed surprise at the playing of the Fort Wayne team. He stated last evening that the game put up by the Hoosiers yesterday could not have been excelled by any team and lauded the work of Belden and Bergen especially. The president states that the league is in good condition and hopes that there will be no trouble for the magnates during the season. He is prepared to meet any emergency.

A TEMPORARY INJUNCTION

ISSUED AGAINST THE ASSOCIATED PRESS OF NEW YORK."

The Application Was Made by the Inter-Ocean Publishing Company—Fight for News.

Chicago, June 12. Judge Gibbons issued today a temporary injunction on the complaint of the Inter-Ocean Publishing company, restraining "The Associated Press of New York" from doing business under the name of "The Associated Press."

The bill of complaint sets forth the various acts which led up to the decision of the supreme court compelling the Associated Press of Illinois to furnish its news to the Inter-Ocean Publishing company, refers to the entering of the decree May 17, 1900, in accordance with the mandate of the court, and gives in detail the recent meeting of the Associated Press, when several of the old officers resigned and new officers were elected. According to the allegations of the bill the change in officers was for the purpose of allowing the organization of a new association, which would gradually take on the business of the association against which the judicial ruling had been made. The Inter-Ocean Publishing company, as a shareholder in The Associated Press of Illinois, objects to the organization of the new association on the grounds that its only object is to succeed to the business of The Associated Press of Illinois.

The suit is against the Associated Press (incorporated under the laws of the state of New York); Melville E. Stone, general manager; Stephen O'Meara, Adolph Ochs, St. Clair McKellway, William L. McLean, Frank B. Noyes and A. H. Belo, directors of the new organization.

The temporary injunction restrains the defendants from "doing business under the name of the Associated Press and from interfering with or attempting in any manner to injure or destroy the business of The Associated Press of Illinois, and from interfering with the business thereof or endeavoring to cause any party, firm or corporation to annul or cancel or break his or its contract with The Associated Press of Illinois and from sending out any circular to the members The Associated Press of Illinois or in any other manner soliciting or asking them to join and become members of the Associated Press, incorporated under the laws of the state of New York.

A prayer asking that the temporary restraining order be made perpetual is appended to the bill. Attached to the complaint are the by-laws of the new organization and copies of letters purporting to have been sent out by the officers of the new association outlining the plan and purpose of The Associated Press of New York.

NATIONAL GOLD TICKET.

Indianapolis, Ind., June 12.—John P. Frenzel, treasurer of the national gold democratic committee, said last night correspondence was in progress concerning the attendance at the national committee meeting here July 25 and he looked for a full attendance.

George Foster Peabody, chairman of the national committee, yesterday made the following statement with reference to the meeting of the committee in Indianapolis July 25:

"The question of a third ticket must stand in abeyance until after the two conventions have been held and the platforms of the republican and democratic parties are definitely announced. For this reason the meeting of the national committee which Secretary John P. Frenzel, of Indiana, has been authorized to call, was set for July 25.

"Whether a third candidate will be run depends upon whether the constituencies represented by the various delegates regard it as expedient. If the committee decides to call a convention the party platform will be the same as represented by Palmer and Buckner four years ago, except that the imperialistic issue will play an important part."

A FINE FLIGHT.

About fifty birds belonging to members of the Fort Wayne Homing club, participated in a flight from St. James, Mo., a distance of 400 miles, on Sunday. The birds were released at 6 a. m. and the first arrived in this city at 2:48 p. m., averaging a speed of forty-five miles an hour for the entire distance. The birds arrived as follows. Schilling, first; Breen, second; Beach, third, and Contant, fourth. The same birds will be shipped to Springfield, Mo., next Saturday for a 500-mile flight.

HOLD MEMORIAL SERVICES.

Fort Wayne members of the Modern Woodmen of America will join in a union memorial service at Christ's Lutheran church next Sunday morning. The service will begin at 10:45 and Rev. L. J. Motschmann will deliver the sermon. Fort Wayne camp, No. 4701, and Edwards camp, No. 3127, will unite in the program.

CAUCUS MAKES NO SELECTION

COUNCILMEN TALKED OF THE SCHOOL TRUSTEESHIP.

No Vote Was Reached and the Council Will Determine Tonight—A Secret Ballot.

The caucus of democratic councilmen held last evening failed of results. The councilmen were divided as to whom should be named and it was deemed inadvisable to take a vote. There was a general talk as to whether Dr. A. J. Boswell should receive any support, but no definite conclusion was reached. There were many names suggested and The Sentinel was informed by one councilman that there would be a candidate this evening whose name has not heretofore been suggested. Among the new names mentioned was that of Will H. Tigar, who served in the council a few years ago. The fact of the matter is that the councilmen are all at sea. Of the avowed candidates it is admitted that W. W. Rockhill is in the lead, many councilmen having pledged their support. An effort to have councilmen express themselves on the matter has been unavailing and the outcome of the whole discussion may be a big surprise. A secret ballot will be taken. This has been the method adopted for years in choosing a school trustee. It is a certainty that the names of Messrs. Rockhill, Boswell and Foellinger will be presented. There will be no nominations, but a slip of paper bearing the name of a candidate will be handed to Clerk Monning before the balloting begins.

A WEAK SPOT

in a bridge will in time wreck a train. A weak spot in the body of a man or woman will in time wreck their health. One of the most susceptible organs in the body is the liver. It has very important work to do, and it is very frequently overworked. It must cleanse the blood, and if it does not, all sorts of disagreeable symptoms ensue. The skin becomes sallow or eruptive, there is indigestion, constipation, dullness, despondency, sleeplessness, bad dreams, etc. Sometimes serious liver and kidney disease result. To keep these organs strong and healthy, you must take

WANT LABORERS,

A GREAT SCARCITY OF HELP IN SOME INDUSTRIES.

FORTY TRACK LAYERS NEEDED

COMMON LABORERS ARE ALSO IN DEMAND AT FOUNDRY.

ELECTION STILL IN DOUBT

ANNOUNCEMENT DELAYED BECAUSE OF THE CLOSE VOTE.

There is a shortage in Fort Wayne's supply of common laborers and the scarcity of this class of people is greatly retarding some enterprises. The Pennsylvania company makes the announcement that it can ute forty or fifty men in building double tracks between this city and Adams. It is not necessary for the men to remain away from home over night, for a train will take them out to Adams in the morning and bring them back in the evening. Probably an equal number of laborers can find employment in the foundry department of the Bass works, which has been short in this class of labor for two or three months. As a rule all of the establishments of the city are pretty well supplied with skilled labor, though just at present some operators of woodworking machinery might find employment. Rhinesmith & Simonson are short in the wood turning department and are looking about for experts in that line. Otherwise that firm is well fixed for help. The railway shops seem to be well supplied with help of all kinds and some of them have put up signs "No Men Needed" in some of the departments. The employment of any army of men in sewer work and on the streets is in part the cause of the scarcity of labor in other enterprises. Scarcity of tenement houses is also a factor. Men who would come here for work are unable to do so because they cannot find houses for their families to live in.

ARRANGING FOR THE PICNIC.

J. H. Hobrock, J. H. Fry, Hugh Hogan, J. A. Graham, Frank Sarver and Enoch Cox, who compose the committee on grounds for the Pennsylvania shopmen's excursion, went down to Rome City this morning to arrange for the event. They are accompanied on the trip by T. J. Rodabaugh, president of the board of arrangements.

A VERY CLOSE CONTEST.

Homer Blakesley, one of the two men sent to Cleveland to assist in counting the votes for members of the advisory board of the Pennsylvania Voluntary Relief association, is still in that city and will not return home until tomorrow. A message from him stated that the work of counting the votes would not be completed until today. The delay in making the announcement of the result indicates that the election was very close and that it takes the full count to decide who is elected. Had it been strongly one-sided the result, it is believed, would have been anticipated and a telegram forwarded here.

CAR AND FOUNDRY REPORT.

A special report on the condition of the American Car and Foundry company will be made by the chartered accountants about June 21 and the results will be most satisfactory to stockholders. It can be said on authority that the company's working capital is now $9,000,000, as against $5,000,000 one year ago, and that the current earnings show the same improvement as noted throughout the last twelve months. The easier market for materials has been of great advantage to the company, and in consequence profits will be largely increased. The demand for cars from railroads throughout the country continues on a moderately heavy scale, and the foundry orders received by the American Car and Foundry company show an increasing disposition on the part of railroads to put out the work rather than do it at their own foundries.

A MOUNTAIN CLIMBER.

Two complete locomotives coupled together is the new type of railway engine for steep grades just finished and shipped by the Baldwin locomotive works to the St. Cloud River railway, a part of the Southern Pacific system in California. It is a mountain-climbing motor, which will pull 125 tons of freight, aside from the heavy cars, up a 7 per cent. grade, which is a rise of 360 feet to the mile, to say nothing of lifting its own enormous weight of 161,400 pounds. Bars connect the two engines and render them practically one. One engineer by a single operation of the throttle lever manipulates the dual monster. One fireman feeds both furnaces. The machine is a wood burner. At the right side of each boiler is the receptacle for wood and on the left of each the water tanks. Thus equilibrium is maintained. Each engine has six forty-inch driving wheels, but no flexible tracks, such as have given much trouble to engineers. Each has four cylinders, two high and two low pressure, using the Vauclain compound system. The St. Cloud River engine is a new conception and was thoroughly and successfully tested on the Reading road before shipment.

WATER LINES PROFITING.

The cutting off of all commissions to railway ticket agents by the railroads of the country has had the effect of increasing the passenger business of the Mallory steamship line many fold, and the passenger accommodations of that company's boats between Galveston and New York are taxed to the utmost limit. The Mallory company is paying liberal commissions to railroad ticket agents throughout Texas to route their eastern business via that line, and these agents are reaping the benefits of the commissions to the sacrifice of their own and connecting roads.

HAULED A BIG LOAD.

Last Sunday engine 776, a Columbian locomotive built after designs made by Supt. J. B. Barnes, hauled the largest load ever taken over the eastern division of the Wabash road. The train consisted of seventy-six loaded and three empty cars and had a total tonnage of 2,041. The feat was accomplished without much difficulty, though there are several pretty steep grades to climb. It would have required two engines to pull this load over the Eel River line, so heavy are the grades and great the curves.

WILL RETURN TO THE CITY.

Mr. and Mrs. J. H. McClure will soon become residents of Fort Wayne again, having arranged to take a house on Harrison street next week. Mr. McClure, who is employed as a locomotive engineer on the Wabash, now has the "plug" run, trains 18 and 19, between this city and Peru, which afford a lay-over in Fort Wayne. Mr. and Mrs. McClure will meet a hearty welcome from our people, with whom they are so well acquainted. They have resided in Toledo ever since their removal from this city, about two years ago.

MACHINIST TO MARRY.

In order that the machinists in the night gang at the Bass works may not be worried over the absence of one of their number tonight, The Sentinel will state that Ner Ellis and Miss Alice Hartshorn will be married at 8 o'clock this evening at the home of the young lady's parents, 135 Holman street. The prospective bride and groom have maintained a strict secrecy concerning their matrimonial affair and the shop friends of the machinist will learn of his intentions in that direction for the first time when they read this item. A short wedding trip will be taken by the bridal party and upon their return they will go to housekeeping.

INDUSTRIAL NOTES.

Ed Conway, of the electric works, is sick and off duty.

Master Mechanic G. S. McKee, of the Wabash, returned from the Detroit division last night.

Oscar Hoffman left last night for Pittsburg on business for the Fort Wayne Electric company.

George Reiber, who operates the wheel press in the Pittsburg car shop, is sick and off duty today.

After a sickness of four or five days, F. J. Ruch has returned to his duties in the Pittsburg copper shop.

Wabash Freight Agent Sullivan will bring his family here Thursday and go to housekeeping on South Calhoun street.

J. T. Whalen, who represents the Mexican Central in this territory, is calling upon freight agents and shippers in Fort Wayne today.

J. W. McCoy, foreman of the erecting department of the Wabash shops, will leave this evening for Dunkirk, N. Y., on a week's visit with friends.

A big party of Peru people are enjoying themselves at Winona today. They went there by special train via the Wabash, the Big Four and the Pennsylvania lines.

George Smith, general foreman of the Wabash shops at Danville, Ill., yesterday removed his family from this city to that town, where they expect to reside in the future.

Capt. H. Stoll, of the Pennsylvania police department, has been informed of the identification of the robber killed at Lima, Ohio, last week. The dead man was August Munnon, a resident of Dayton, Ohio, and he was said to be a very tough character.

Engines 1578 and 1563, which have been in the passenger service on the Buffalo division of the Wabash road, and passenger engine 655, from the Peru-Tilton district, arrived in the city this morning and will go into the shops for general repairs. Engines 767 and 352 were turned out of the shops today after receiving general repairs.

Fred Schultz, of the Bass blacksmith shop, is detained at his home by the sickness of his wife.

H. E. Rondot and L. Baker, of the Pittsburg shops, are taking a lay-off to attend to some private business.

Conductor E. E. Fink has returned to his work on the Pittsburg after an absence on account of the sickness of his wife.

Passenger Conductor Hayes, of the Nickel Plate, and his wife have gone to Michigan for a four weeks' sojourn at a summer resort.

Fireman M. O. Grubb is sick and Firemen A. Lawson and Frank Baldwin are taking a rest. They are Nickel Plate employes.

E. Driftmeyer, Frank Ammann and H. Kemmeyer, boilermakers, and H. Danner, H. Harding and Ed Taylor, moulders, are new employes at the Kerr Murray works.

A. Hider, the man who attends to the masonry work in the Pittsburg blacksmith shop, is at Larwill taking treatment for rheumatism, with which he is sorely afflicted.

J. J. Auth and R. Cramer are taking a lay off and D. C. Potts, Wesley Wills and A. B. VanMeter, who had been off duty, reported for work yesterday. They are Nickel Plate brakemen.

W. S. Willing demands $5,000 from the Nickel Plate for being put off the train between Bellevue and Kimball on the night of May 5. Jesse Vickery, of Bellevue, is the plaintiff's attorney.

John J. Daugnot started upon a mission this morning which will take him over the greatest part of the northwestern system of the Pennsylvania lines. He is inspecting engines.

Fireman Sellers, of the Pittsburg, became a member of A. G. Porter lodge, B. of L. F., last night. There were six others hooked for initiation, but they could not be excused from their labors.

After light repairs engine 2 is out of the Nickel Plate shops at Stony Island. She will go into the passenger service on the Fourth district. Engine 31 has gone into the shops for general repairs.

Owing to the big demand for harvest hands in Kansas and Oklahoma western lines are considering a proposition to grant a rate of one fare for the round trip to parties of five or more seeking such employment.

G. C. Cramer and A. Hefelmeyer, machinists, have returned from Peru where they were engaged on special work a few days. Ed Rist and Ed Marks, boilermakers, went to that city this morning upon a similar mission. All are Wabash employes.

John Stegewalt, a turner at the Rhinesmith & Simonson factory, went to Cincinnati to visit his brother two or three weeks ago and it is believed he has found employment there and intends to remain. He was due to return to work a week ago.

In addition to the committee on transportation, the personnel of which was published in The Sentinel yesterday, the following Pennsylvania company officials are in the city today: W. T. Wolff, P. P. O'Dell, M. A. Johnson and M. I. Friend.

Adam Foltz, of the Kerr Murray works, received a painful scalp wound yesterday by being struck by a rivet which flew from beneath the hammer of the man who was driving it from its fastening. The injury will cause Mr. Foltz to lay by a few days for repairs.

Yesterday the Nickel Plate sent two big train loads of dressed beef for export through this city. The trains were the first and second sections of No. 41 and they ran on a schedule almost equal to passenger trains. This class of business is taken at good rates and is the most profitable of any of the through freight business.

H. C. Ludwig, E. O. Miller, C. E. Larkin, W. J. Fugate and H. Thomas, firemen, have been transferred from the western division of the Fort Wayne road to the Cleveland and Pittsburg division of the Pennsylvania lines. On the latter road the coal and ore traffic is very heavy and the equipment and number of enginemen was inefficient.

Pittsburg Engineer George Kensill, who runs one of the Pennsylvania local trains between this city and Crestline, was taken sick at the latter place last night and Engineer Frank E. Moore was sent to take the vacated place in the cab. This morning when the train was nearly ready to leave Crestline, Mr. Moore sent word that he, too, was sick and Engineer W. F. Carpenter was assigned to the run.

Admiral Dewey failed to attract a large crowd at Grand Rapids today. His coming had been announced by press and poster and the railways prepared for a big business and were all disappointed. The Grand Rapids and Indiana road, which expected to take thousands into that city for that purpose and had provided accommodations accordingly, carried exactly thirty-nine people on the excursion train from the south. The cool weather is in part responsible for the smallness of the excursion party.

LEECH LAKE INDIANS UGLY.

St. Paul, Minn., June 12.—The fact that the Indians on the Leech Lake reservation were not disarmed at the time of the trouble a year ago last fall, but have retained the Winchesters with which they made war on the whites, has kept the people of Walker apprehensive, and it now looks as though trouble was assured. A citizen of Walker, who left there Friday evening, gives the following version of the situation:

"The present disorder among the Indians is due to liquor. A week ago Saturday night a party of bucks broke into a beer house and stole two cases and two kegs of beer, a half barrel of brandy, a keg of wine and a case of seltzer. The seltzer, however, was found a short distance away in the woods. As soon as the fire water took effect the Indians began to get ugly. A bright young fellow, Day Dug Guance, saw a chance to make a play to elevate himself in the community. He said he had a dream in which the Great Spirit appeared to him and told him that a great wind was soon to sweep all the white folks off the earth and the only safe place for the Indians would be Squaw Point. They immediately began moving to Squaw Point, and when I left Friday evening I should judge a couple of hundred had gathered there and were intrenching for the big blow. Captain Mercer, of the Seventh cavalry, who is acting Indian agent, stood for the proceedings until Wednesday evening, when he sent out Indian police and gathered in Day Dug Guance, who, finding his story going so well, had by this time declared himself the Messiah for whom the Indians had been waiting. The only security for the whites is a good sized force of soldiers stationed within easy reach."

Foley and Reed will bring back a carload of the finny tribe.

BITTEN BY SAVAGE DOG.

A young son of James Kalber, an employe of the Nash Packing company, was terribly bitten by a dog on Saturday. The boy was playing in the yard when the animal, from no known cause, sprang at him and buried its teeth in his left arm. The lad was knocked down, and the dog continued to bite him until the boy's hands and arms were covered with wounds. The animal also bit the lad in the left side, inflicting a bad wound. A workman heard the boy's screams and succeeded in beating the dog off. Dr. Joseph Stults was called and cauterized the wounds. The dog was of the shepherd species and belonged to one of the men employed as buyer, who shot it soon after.

MISS WIERZOREK RELEASED.

A Washington telegram to this morning's Indianapolis Sentinel says: Commissioner General of Immigration Powderly was notified by the immigration authorities at Baltimore this afternoon that Marie Anna Wierzorek, the pretty German immigrant girl who had been detained at that port until her lover, Valentine Kranz, of No. 260 Hanna street, Fort Wayne, could be notified, has been released. Mr. Kranz has telegraphed money to the girl and the announcement that he will marry her as soon as she arrives in Fort Wayne. Kranz and the young girl were born in Tremessen, a town in Posen, but Kranz came to America when Marie Anna was a child. She does not remember him, but is dearly in love with his photograph. Since being detained she has professed unlimited confidence in him and never doubted but that all objections offered by the government authorities would be quickly overcome when once her lover was notified. Kranz is thirty-three years old and is a widower with two children.

Marriage Belll Are Ringing

And the brides and grooms are coming to Pape's to get their home cozily and beautifully furnished. Wise brides, sensible grooms—for ours is a beautiful store, a well arranged store, a magnificently stocked store, and the one store that is more liberal than any other in the moderation of its prices for really reliable furniture that will stand the test of time. It's economy to do business with a store of this character.

THE QUALITY STORE.

"If it's a good thing, SEAVEY'S have it."

THE LATEST EDITION.

THE STEWART STEEL RANGE can be pushed up in almost any old corner out of the way. It is so constructed that it is perfectly safe anywhere and is wonderfully compact. It's altogether a different proposition from the old fashioned castiron cook stove that gets redhot in the wrong places at the wrong time. OUR STEWART RANGES are always on time. For roasting, boiling, baking or stewing you can regulate the heat to a degree of nicety that you can count on, and no mistake about it. As bakers they are perfect.

For references as to their merits, we can give you the names of a hundred or more prominent families in this city and county who use them. That's certainly plain talk. If you are thinking of buying a range see our Stewart by all means.
